

# BALDWIN®

KEYLESS ENTRY WITH  
HOME CONNECT™  
TECHNOLOGY

Baldwin, America's premier maker of hand-crafted hardware since 1946, offers premium home automation security with Home Connect™ Technology.

Decorative hardware's only motorized deadbolt secures your home with amazing functionality. Home Connect™ Technology enables the door lock to wirelessly communicate with other devices in the home.

Check lock status remotely and securely lock or unlock your home with a cell phone. Receive a text message when your child arrives home. Unlock your door, disarm the alarm, and turn on the lights, all with the click of a button. Baldwin's keyless locks integrate with home automation and security systems to meet the demanding needs of the modern family.

### Innovative Security

- Motorized deadbolt— for true remote locking
- Revolutionary tapered deadbolt design
- Full 128-Bit encryption security

### Easy Integration

- Installs in minutes
- Replaces existing deadbolt
- Uses 4 AA batteries (no hard wiring)
- Z-Wave wireless protocol

## Home Connect™ integration delivers the following benefits:

### Remote access advantages

- Lock/unlock doors via smart phone or internet connection while away
- Receive remote notification when door lock is accessed
- Check lock status remotely to see if doors are locked

### Home control benefits

- Customize lighting scenes for convenience through lock keypad
- Initiate thermostat away mode when leaving home and locking door
- Save money while conserving energy usage through home/away modes via lock keypad

### Security system enhancements

- Simplify security system control through lock keypad
- Control locks from security system to lock/unlock door while arming/disarming
- Single button security system arming via lock keypad

Contact your local Dealer/Distributor for details.

Z-Wave Wireless Protocol

*“When I’m away on a business trip, Baldwin’s keyless lock enables me to monitor who enters my home. If my kids forget to lock the door, I can do it remotely with my phone. Amazing!”*

Introducing Baldwin’s keyless entry locks with Home Connect™ Technology—Enabling the door lock to wirelessly communicate with other devices in the home.

*“With my Baldwin lock integrated into my home automation system, when I arrive home, I’m greeted with the alarm disarming, front door unlocking, lights turning on, and my favorite Jazz.”*

Baldwin is a member of the Z-Wave Alliance
