Control 

KEYLESS ENTRY WITH
HOME CONNECT™

THE CONTROL4® SYSTEM MAKES your home your favorite place to be. Baldwin, America's premier maker of hand-crafted hardware since 1946, offers premium home automation security with Home Connect Technology.

Decorative hardware's only motorized deadbolt secures your home with amazing functionality. Integrated with the Control4® system, Home Connect enables the door lock to wirelessly communicate with other devices in the home.

Check lock status remotely and securely lock or unlock your home with a cell phone. Receive a text message when your child arrives home. Unlock your door, disarm the alarm, turn on the lights and your favorite music, all with the click of a button. Baldwin's keyless locks and Control4® integrate to meet the demanding needs of the modern family.

“With my Baldwin lock integrated into my Control4® system, when I arrive home, I’m greeted with the alarm disarming, front door unlocking, lights turning on, and my favorite Jazz.”

Introducing Baldwin’s keyless entry locks with Home Connect™ Technology—Enabling the door lock to wirelessly communicate with other devices in the home.

“When I’m away on a business trip, Baldwin’s keyless lock enables me to monitor who enters my home. If my kids forget to lock the door, I can do it remotely with my phone. Amazing!”
