IMPORTANT
VALVE OPENING
INSTRUCTIONS

Thank you for purchasing your new Aero® product. Please review the following instructions for properly opening your Quick Release Air Valve. Using the valve properly will extend the life of your product for many years.

To Open Quick Air Release Valve:

Place your thumb on the tab and your index finger underneath the valve cover. Push tab in direction indicated by arrow on valve.

- This can easily be done with one hand.
- Do not pull up on valve cover.
- Push tab only in direction indicated by arrow printed on valve.
