

# ADOPTION EVENT MATERIAL EXAMPLES

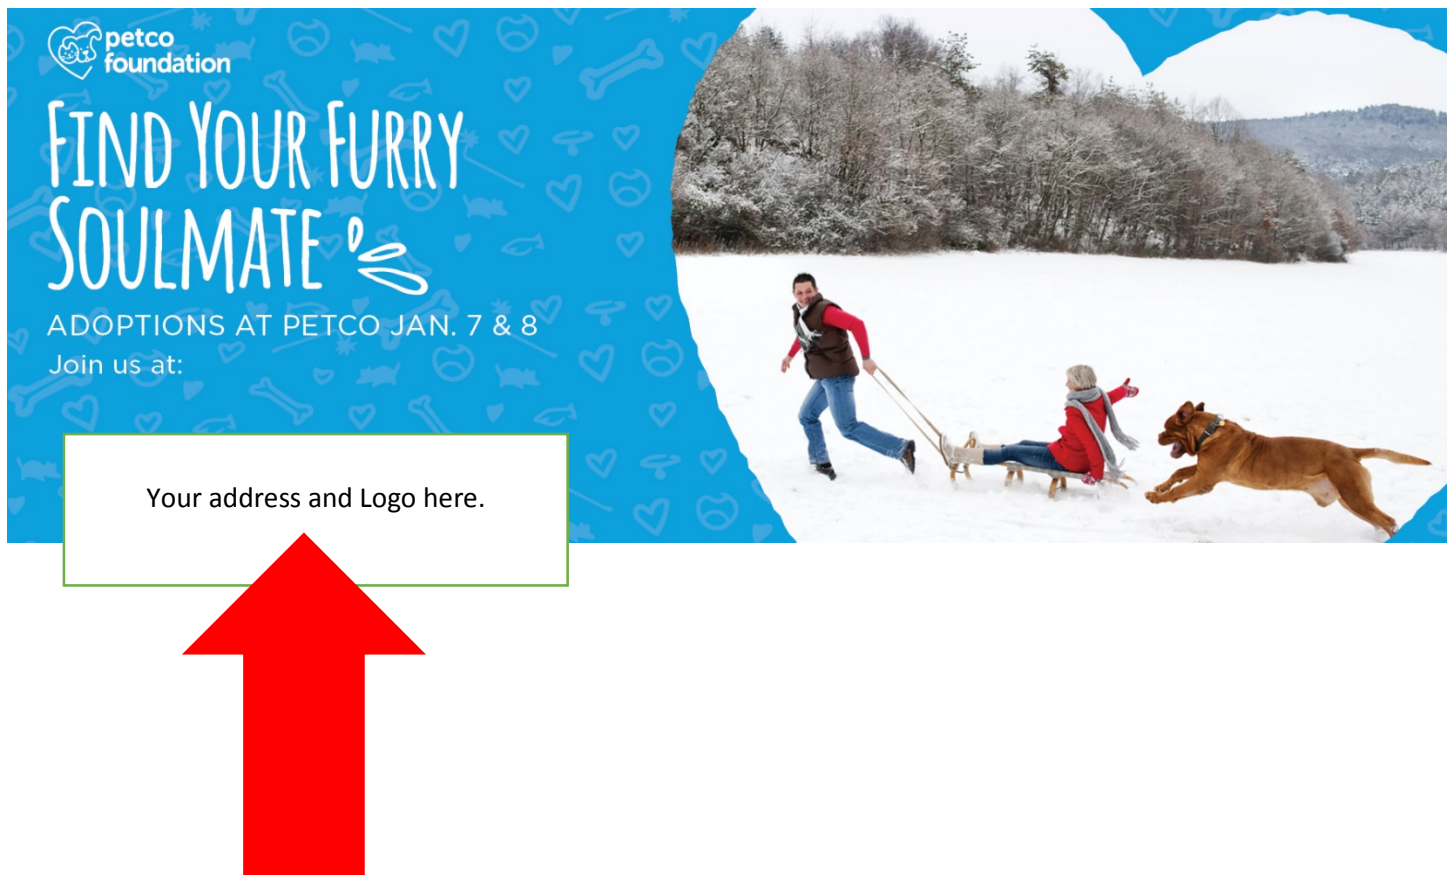

If you're a Petco adoption partner and participating in this event, we want you to have the resources to add your address and logo to the provided social graphics. See below for some examples you can follow.

Follow the red arrows for the appropriate location of your address and logo. We suggest using a white font color for your address and a PNG logo.

After you add your address and logo, go to File>"Save As" as a new JPEG image and upload to your social platforms.

Need help adding your logo and address to the graphic? We suggest using [PicMonkey](#) to make your edits after you save the image you want from the available graphics located at [http://www.petco.com/content/petco/PetcoStore/en\\_US/pet-services/petco-foundation/think-adoption-first/adoption-event-resources.html](http://www.petco.com/content/petco/PetcoStore/en_US/pet-services/petco-foundation/think-adoption-first/adoption-event-resources.html).
