INDEPENDENT AUDITORS’ REPORT

The Board of Directors
The PETCO Foundation
San Diego, California

We have audited the accompanying statement of financial position of The Petco Foundation (the Foundation), as of April 28, 2012, and the related statements of activities and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of April 28, 2012, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

1. Organization

The PETCO Foundation (the Foundation), a California non-profit public benefit corporation incorporated on February 16, 1999, is organized to promote, enhance and finance charitable, educational, literary, scientific and prevention of cruelty to animal activities through grants and contributions to organizations that conduct or sponsor charitable or educational programs related to domesticated animals. The Foundation may also conduct and/or sponsor charitable or educational programs, events or activities which further the purpose of the Foundation.

The Foundation is exempt from income tax under Section 501(c)(3) of the United States Internal Revenue Code (the Code), and similar provisions of the California Revenue and Taxation Code, and contributions to it are deductible within the limitations prescribed by the Code. The Foundation has been classified as a publicly supported organization, which is not a private foundation under Section 509(a) of the Code.

The Foundation’s fiscal year ends on the Saturday closest to April 30, resulting in years of either 52 or 53 weeks. All references to a fiscal year refer to the fiscal year ending on the Saturday closest to April 30 of the following year. The fiscal year ended April 28, 2012 (fiscal year 2011) consisted of 52 weeks.

2. Summary of Significant Accounting Policies

The financial statements of the Foundation have been prepared on the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The significant accounting policies followed are discussed below.

Financial Reporting
The Foundation’s net assets and its revenues, expenses, gains, and losses are reported based on the existence or absence of donor-imposed restrictions. This accounting method requires that the amounts for each of the three classes of net assets - permanently restricted, temporarily restricted, and unrestricted be displayed in the statement of financial position and that the amounts of changes in each of those classes of net assets be displayed in the statement of activities.

Cash and Cash Equivalents
Cash equivalents represent all liquid investments with original maturities of three months or less and include money market funds.
2. Summary of Significant Accounting Policies, Continued

Contributions
U.S. generally accepted accounting principles require that the Foundation report information about its financial position and activities in three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. Unrestricted contributions are recognized as increases in unrestricted net assets when received. Contributions restricted by donors may be reported as increases in temporarily or permanently restricted net assets, depending on the nature of the donor-imposed restriction. When restrictions are satisfied, either by the passage of time or by accomplishing the purpose, the temporarily restricted contributions are reclassified to unrestricted net assets and reported in the activity statement as net assets released from restrictions. When restrictions are satisfied in the same period as the receipt of contributions, the Foundation reports both the revenue and the related expense in the unrestricted net assets class.

Donated Goods, Services and Facilities
Those donated goods that meet the requirements for recognition under U.S. generally accepted accounting principles are recorded as both revenue and expense in the accompanying statement of activities, at amounts determined by management to be reasonable for obtaining such goods.

Estimates and Assumptions
The preparation of these financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates are based on information that is currently available and on other assumptions that are believed to be reasonable under the circumstances. Actual results could vary from those estimates under different assumptions or conditions.

Contributions Receivable
Petco Animal Supplies Stores, Inc. (Petco) retail locations serve as collection points for donations received from the general public for various Foundation fundraising activities. These donations are then periodically transferred to the Foundation. Management believes that all contributions receivable are fully collectible within one year; therefore, no allowance for doubtful accounts was recorded as of April 28, 2012.
2. **Summary of Significant Accounting Policies, Continued**

*Income Taxes*

The Foundation is exempt from federal and state income tax liability, and therefore, no provision is made for current or deferred income taxes. The Foundation uses the same accounting method for tax and financial reporting.

U.S. generally accepted accounting principles provide accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Foundation in its federal and state exempt organization tax returns are more likely than not to be sustained upon examination. The Foundation’s returns for the years ended April 30, 2011, May 1, 2010, and May 2, 2009, are subject to examination by federal and state taxing authorities, generally for three years after they are filed.

*Subsequent Events*

The Foundation has evaluated subsequent events through July 23, 2012, the date the financial statements were available to be issued. There have been no material subsequent events which would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. **Related Party Transactions**

Included in contributions and other receivables is $708,688 due from Petco at April 28, 2012.

Included in accounts payable and accrued expenses is $117,686 due to Petco at April 28, 2012.

The Foundation reimburses Petco under an agreement for expenses incurred to operate the Foundation out of its office space and for administrative services provided. In addition, the Foundation reimburses Petco for the cost of seven employees who perform duties solely for the Foundation and 75% of the salary of the Executive Director. The cost for all of these expenses for the year ended April 28, 2012 was $1,533,806 of which $71,272 is included in accounts payable and accrued expenses at April 28, 2012.

6. **Concentration of Risks**

*Contributions*
The majority of the contributions received by the Foundation are collected at Petco retail locations.

At April 28, 2012, the Company had $8,011,074 of cash and cash equivalents within one financial institution, a portion of which may be in excess of the federally insured limit.
