Assembly Instructions

Drawings may vary from actual product

- 1** Remove the contents of the carton and place the Plastic Pan aside. Twist off the thin packing wires used to keep home together.
- 2** Expand the Pet Home into a rectangular form by gripping the top edges of the Side Panels and pulling the sides open. Make sure the four U-shaped legs are on the ground to insure the Pet Home is right side up.
- 3** Drop the Bottom Panel on the inside of the Pet Home and carefully connect the hooks to the bottom rung of the opposite Side Panel. The hooks are purposely made to fit snug so the bottom will be secure. It is important that the hooks be aligned with the hooks on the opposite side.
- 4** Flip the Top Panel over and carefully connect the hooks to the top rung of the opposite Side Panel. The hooks are purposely made to fit snug so the bottom will be secure. It is important that the hooks be aligned with the hooks on the opposite side.
- 5** Slightly lift up the front end of the top panel while pushing in on the top of the door panel so the wire catches in the hooks of the top panel. Repeat this step on the other end of the Pet Home.
- 6** Insert the plastic Bottom Pan by sliding the pan onto the floor of the Pet Home. Secure the Pan inside the Pet Home with the Pan Stop attached to the front of the bottom panel.
