3 KEY SOLUTIONS FOR ANY HOSPITALITY NEED

When Emil Price and William Pfister introduced their very first faucet in 1910, they started a business built around design, quality and value. The same philosophy drives us today.

Our 3 unique specification solutions offer a broad range of styles, high quality, and unparalleled value. Add in Pfister's decades of experience in meeting the needs of hospitality customers and you can be confident your job will be on time and on budget.

Pf Custom – Your Ideas Brought to Life

From a completely unique design to adding your own twist on an existing design, PF Custom lets you create your vision. Working closely with our world class industrial design team, we can bring a unique solution to your project quickly and surprisingly affordably.

Fortis – High-Fashion Modern Designs

Our 100% Italian FORTIS brand is a perfect marriage of cutting edge modern design and quality. Designed and developed in Italy's fashion capital, Milan, Fortis brings a clean and modern aesthetic that to your project.

Pfister – The Right Design for Any Specification

Award winning design, durability and great value give Pfister Trade Exclusive Faucets the edge. With 17 unique families covering a broad range of price points, smart features and easy installation options, Pfister Trade Exclusive faucets offer the right solution at the right price.

You can be confident that no matter the job we have the right product for you and your guests. And it is all backed up with Pfister's industry leading 10 year commercial warranty, and dedicated field sales team.

PFISTER HOSPITALITY:

**THE DESIGNS YOU WANT,
THE VALUE YOU DEMAND,
THE QUALITY YOU EXPECT.**

WHAT IS MORE LIBERATING THAN AN UNCOMPROMISING DESIGN? _____

YOUR VISION

PF Custom provides the ultimate solution for anyone looking to satisfy their clients and themselves in the most unique way possible. Starting from a rough sketch, our world class industrial design team works closely with you to interpret your vision.

4-STEP DESIGN PROCESS

Through a collaborative process, our team is able to quickly deliver remarkably affordable custom design solutions.

1 INTENT

Our team works with you to refine your inspiration. They help develop themes from architecture, environment or other project design cues.

2 DESIGN

Refined and finalized, your design is completed and extended to all aspects of the project from faucets to fixtures and accessories if needed.

3 ENGINEER

Your finalized design is optimized by the engineering team to ensure that it meets all codes, finish requirements and complies with all necessary codes.

4 PRODUCE

A final sample is made for final approval in your model room, completing your vision for the project.

CUSTOM PLATFORMS AVAILABLE

- Faucets & Fittings
- Shower Systems & Showerheads
- Bath Accessories & Hardware
- All of the above are available in the industry's largest selection of custom finishes

ENVIRONMENTAL SUSTAINABILITY

- LEED®** • PF Custom offers plumbing products that help achieve LEED certification through high-efficiency faucets and low-flow showerheads.

- PF Custom is a proud partner of the EPA WaterSense program which is committed to reducing global water consumption by 30%.

- PF Custom offers plumbing products that meet low-lead legislation.

PROJECTS

NYC Grand Hyatt

The NYC Grand Hyatt wanted a fully custom solution that not only fit their sleek and sophisticated style but would also fit in tight spaces. The Pfister ID team was not only able to create a custom faucet, but also a showering solution and a full set of accessories to compliment the faucet design.

FORTIS – PURO DESIGN ITALIANO

CUSTOM PLATFORMS AVAILABLE

FORTIS is an established provider of exceptionally designed plumbing products ideally suited for hospitality applications.

Designed and manufactured in Italy, the bold contemporary design of FORTIS is perfect for European inspired interiors.

All FORTIS faucets are made using state of the art technology and manufacturing processes for long lasting durability in both finish and function in hospitality environments.

ENVIRONMENTAL SUSTAINABILITY

- LEED®** • FORTIS offers plumbing products that help achieve LEED certification through high-efficiency faucets and low-flow showerheads.

- All FORTIS lavatory products are designed and manufactured to meet WaterSense certifications of 1.5 gpm per faucet.

- All lavatory and kitchen products are manufactured to meet low-lead requirements and are certified by NSF61-ANNEX G.

PROJECTS

InterContinental Miami

The InterContinental Miami wanted to update their 641 room property with a clean modern design. Fortis was able to provide the look they wanted and the water conservation requirements they needed.

PFISTER – THE RIGHT DESIGN FOR ANY SPEC LEVEL

Pfister Trade Exclusive faucets offer a winning blend of style, quality and value. With 17 families and a broad range of designs from modern to traditional, Pfister Trade Exclusives can not only meet your requirements for design but also can meet your project budget. Plus, Pfister Trade Exclusives offer a unique blend of innovative install solutions and quality features you demand for your hospitality project.

ENVIRONMENTAL SUSTAINABILITY

LEED®

- Pfister Trade Exclusives offers plumbing product that help achieve LEED certification through high-efficiency faucets and low-flow showerheads.

- All Pfister Trade Exclusive lavatory products are designed and manufactured to meet WaterSense certifications of 1.5 gpm per faucet.

- All Pfister Trade Exclusives lavatory and kitchen products are manufactured to meet low lead requirements and are certified by NSF61-ANNEX G.

PROJECTS

Arizona Biltmore

For a multi-million dollar renovation of its guest rooms, the property wanted to maintain historic integrity while adding a modern touch & meeting water conservation goals. Using Contempra faucets & fixtures, they were able to achieve the design they wanted with efficiency savings they needed. Pfister worked closely with the designer, the plumber and their production facilities to ensure just-in-time delivery and completed the job on schedule.

Universal Trim

Stop being held back by the valve in the wall on remodel projects. Pfister's Universal Trim uses a unique adapter technology that allows our trim to work on most of the major in wall valves from Moen® & Delta®. If your property has multiple types of valves in the wall, only Pfister's Universal Trim lets you keep a consistent design across all installations.

Available in two designs and a variety of finishes, it coordinates with most Pfister families and will match any decor. Keep your project under budget and get the style you want with Pfister Universal Trim.

Features

- Works on most major valves from Moen® and Delta®
- Metal handle & flange for years of trouble free service
- 10 Year Commercial Warranty
- Available in Chrome, Brushed Nickel and Tuscan Bronze
- Available in Tub & Shower, Shower only and Valve only configurations

PROJECTS

Orleans Hotel & Casino

Budget friendly style was key for the 800 room renovation of the iconic Orleans Hotel & Casino in Las Vegas. Being able to use Universal Trim on the existing Delta® valve coordinating with Santiago faucets on the lavatories gave the project a luxurious feel without having to take the costly step of removing the in wall valve.
