# SCREEN & STORM

---

HARDWARE

## PLAN-O-GRAMS

### 4 FT - PRODUCT ASSORTMENT

CLOSE THE DOOR ON THE COMPETITION WITH STANLEY-NATIONAL'S SCREEN & STORM EXPANSION PROGRAM.

Stanley-National is proud to introduce a set of screen and storm products that complete the already successful collection, making Stanley-National Hardware a true single source for the entire category.

New mortise lock sets, lever latches, patio handles, door closers, accessories and more are available in contemporary designs and finishes and have been carefully chosen to provide a comprehensive, easy-to-implement program.

To support this program, we offer pre-designed, 2' and 4' power plan-o-grams in both Stanley and National brands. These can be used for both new stores or competitive displacement. In addition, Uni-Racks and Panel Boards are available to add new items to an existing set while maintaining the uniformity and integrity of the display and the brand.

Finally, the Screen & Storm expansion will carry the LIFESPAN™ limited lifetime warranty along with packaging enhancements that include competitive product replacement data.
