FLOOR PROTECTION

FEATURING FLEXI-FELT®

Longer Lasting • Does Not Fall Off • Does Not Wear Through!

Flexi-Felt products offer superior floor protection. Made of a durable wool blend, Flexi-Felt pads are denser, softer and more compression resistant than standard felt pads and feature a superior industrial strength adhesive so the felt stays on and lasts longer than standard felt products.

FLEXI-FELT PADS

Durable felt pads in a variety of sizes, shapes and colors to accommodate different furniture and flooring finishes. Flexi-Felt pads allow furniture to easily and quietly glide across floors without scratching.

FLEXI-FELT CLEAR LEG TIPS

A flexible round sleeve with durable felt bottom designed to fit different shapes and sizes and will not fall off. Clear leg tips protect furniture legs from nicks and scratches and stay on longer. Perfect for decorative and unique furniture leg shapes.

FLEXI-FELT INSTITUTIONAL LEG TIPS

Available in tubular, swivel and sled-shaped designs, Flexi-Felt institutional leg tips are made specifically to fit furniture commonly found in schools, offices, churches and other institutional facilities and drastically reduce floor maintenance costs and noise.
