

STANLEY®

HINGES

RAIN, SNOW, HAIL, SUN, DIRT...
BRING IT ON!

- Added new packaging options – 3 pack hinges
- Matches existing finishes in our already expansive line
- New product offering easily integrates into existing sets
- Weatherguard™ available on zinc plated and galvanized finishes
- Complies with ANSI / BHMA A156.1 standard

EXTENSIVELY TESTED

Hardware must withstand exposure for more than 96 hours without the base material or substrate exceeding corrosion standards under ANSI / BHMA A156.18 – 2006.

PROVEN RESULTS

When subjected to 312 hours of salt spray testing, standard zinc-plated hardware exhibited severe corrosion, while hardware with WeatherGuard™ protection withstood the harsh conditions with significantly less visible corrosion.

SUPERIOR PROTECTION

WeatherGuard™ protection greatly enhances the performance of standard zinc-coated products, formulated to withstand the harshest weather conditions and stand up to the corrosive effects of pressure treated lumber.

3X 
**CORROSION RESISTANT
OVER STANDARD ZINC PLATING**
