## CLEAN MODERNISM WITH TIMELESS AESTHETIC

Baldwin's new Hollywood Hills collection by Erinn V. was inspired by the clean modernism of 1930s industrial design. Her work can be best described as Modern Classic with a fresh, yet timeless aesthetic. She strikes a balance between traditional and modern with statement-making pieces that leave a lasting first impression.

### ABOUT ERINN V.

*Erinn Valencich is the founder and creative director of Erinn V. Design Group, the award-winning Los Angeles-based boutique design firm. Since 2004, her style has become synonymous with the classic California lifestyle. The granddaughter of a fine cabinetmaker and daughter of an architect who studied with Frank Lloyd Wright, Valencich's approach to design underscores the importance of craftsmanship, materiality and celebrates luxe, livable furnishings.*

# GENERAL HARDWARE PORTFOLIO

Working in concert with Baldwin's industrial design team, Erinn Valencich developed a collection that is uniquely Baldwin, with unmatched quality and craftsmanship and also undeniably "Erinn V" with a California-cool vibe. Valencich loves clean, industrial lines and drew inspiration for Hollywood Hills from the linear, stacked geometry found in nautical pieces.
