## Multivendor Support Services

Lenovo Multivendor Support Services provides a single point of accountability for resolution support across vast range of leading Server, Storage, and Networking OEMs, allowing you to manage all your supported infrastructure devices seamlessly from a single source. With Lenovo MVS, you will enjoy:

- Global engineering support – Benefit from a vast network of over 5,000 engineers operating across the globe
- Extensive OEM coverage – Support for hardware from leading OEMs across major geographies around the world, providing reliable assistance wherever your business operates
- Continuous system uptime – Safeguard your operations by preventing costly downtime and repairs
- Scalability and flexibility – align your support strategies and business objectives with adaptable terms and flexible service levels

## Keep Your Drive

Protect sensitive data and maintain compliance with corporate retention and disposal policies. Lenovo's Keep Your Drive retention service alleviates liability risks by enabling you to:

- Retain failed drives for extra data protection—otherwise, failed drives must be returned to Lenovo
- Dispose of retained drives at your discretion

## Technical Account Manager (TAM)

Lenovo's TAM service provides proactive management across your entire enterprise, ensuring smooth operations and optimized performance as your business grows. With Lenovo TAM services, you will gain:

- Dedicated Expertise – A single point of accountability for all your Lenovo data center services
- Optimized Performance – Tailored support plans and quarterly business reviews to boost operational efficiency
- Proactive Management – Early identification and resolution of potential issues, reducing downtime
- Seamless Escalation – Efficient coordination of resources to handle and resolve critical issues swiftly

## Service Engagement Manager (SEM)

Lenovo's Service Engagement Manager (SEM) service provides personalized oversight of your support experience, ensuring swift escalation management and proactive service recommendations tailored to your operational needs. With Lenovo SEM services, you will benefit from:

- Dedicated Support – A single point of contact managing all service-related escalations and customer satisfaction
- Tailored Service Plans – Custom support strategies covering all Lenovo entitled products and critical system reviews
- Proactive Resolution – Assistance with communication across technical teams and vendors to quickly resolve critical business issues
- Enhanced Insights – Access to regular system status reviews and Lenovo's latest technology roadmaps
