Lenovo ThinkVision Large Format Displays

*Smart Meeting Room Solutions
for Modern Productivity and Collaboration*

Why Lenovo ThinkVision

ThinkVision is your trusted advisor to empower the future of business productivity. Our industry-leading display technologies support modern professionals and their organizations to redefine the possibilities of efficient multitasking and impactful collaboration.

Leading the way in a new era of workplace transformation, ThinkVision Large Format Displays push the boundaries of innovation with smarter experiences for the workplace.

01 RELENTLESS INNOVATION

*Future-ready technologies,
powered by AI*

02 TRUSTED QUALITY

*Two decades of Display
Excellence, Durability &
Reliability with every device*

03 PURPOSEFUL DESIGN

*Cutting-edge display
performance and
customer-centric functionality
to boost productivity and
support user health*

04 SUSTAINABILITY

*Commitment to reducing
environmental impact through
eco-conscious design and
responsible business practices*

Award-winning excellence

Highly-acclaimed global reputation, backed by over **100** awards from top media and partners since 2012

Trusted partner for global leaders

Products spanning **198** countries, trusted by leading enterprises and millions of customers worldwide

LFD & ThinkSmart synergized solution for smarter meetings

The LFD total solution works seamlessly with ThinkSmart to create a synergized ecosystem for your meeting space. ThinkSmart devices can integrate effortlessly into the LFD setup and can be controlled remotely through ThinkSmart Manager. The total solution reduces clutter while offering greater flexibility, streamlined workflows, and improved productivity.

Modular Design for Easy Integration

The rear cover of ThinkVision LFDs is designed to fit ThinkSmart Core, ThinkSmart Tiny, or ThinkCentre Tiny devices. This modular design creates a clean, all-in-one setup that's compatible with ThinkSmart solutions.

One-Stop Remote Management with ThinkSmart Manager

ThinkSmart Manager lets IT teams remotely control all ThinkSmart devices, as well as LFDs, once a ThinkSmart device is connected with the LFD. This simplifies operations and ensures reliable performance across the meeting ecosystem.

Full-Circle Support

Lenovo provides complete support throughout your user journey - from purchase to setup and maintenance. With a single vendor, managing your devices is easier and worry-free.

Empower efficiency in
compact collaboration spaces

Effective Display for Your Meetings

Experience high performance and comfortable viewing with high brightness, an anti-glare design, and eye-care technology - perfect for clear and strain-free visuals during meetings.

Connect and Collaborate with Ease

Easily connect your own device with built-in USB-C docking. Enjoy seamless meetings without the need for a separate console, making collaboration simple and clutter-free.

Smarter Computing for Uncompromised Workflows

Deploy and scale Microsoft Teams Rooms (MTR) effortlessly with Lenovo's advanced computing solutions, including ThinkSmart Core and ThinkSmart Tiny devices, which can be seamlessly managed through ThinkSmart Manager.

Lenovo
ThinkVision

Product Overview

- Comfortable viewing experience with 400 nits brightness, 4K resolution, and an anti-glare design
- Easy integration of Lenovo computing devices (ThinkSmart Core, ThinkSmart Tiny, or ThinkCentre Tiny) into the rear slot
- Built-in USB-C docking solution with up to 96W power delivery for charging
- Compatible with the ThinkSmart Manager for synergized meeting room device management
- USB hub with both USB-A and USB-C ports for effortless connection to USB devices
- Best for meeting rooms with 2-4 people

ThinkVision T65 iLFD

The all-in-one solution for
productive small team meetings

Creativity at Your Fingertips

Supercharge brainstorming with the smooth and precise all-in-one touch solution that turns your display into an interactive whiteboard. Collaborate with ease and creativity for more productive meetings.

BYOD (Bring your own device)

Connect your device effortlessly using the built-in USB-C docking – no meeting console needed. Enjoy seamless presentations with wireless projection via the included dongle.

Streamlined Meeting Room Management

Easily manage your Microsoft Teams Rooms (MTR) with ThinkSmart Manager, offering scalable and centralized control to boost efficiency and productivity.

Lenovo
ThinkVision

Product Overview

- Brilliant display with 400 nits brightness, 90% DCI-P3 color gamut, and an eye-care design
- Smooth and precise multi-touch functionality enhances collaboration in meeting rooms
- Super connectivity with a built-in USB-C docking solution and wireless projection
- Modular 4K camera, 8-array microphones, and dual speakers ensure seamless remote collaboration
- ThinkSmart Manager support for enhanced manageability (coming soon)
- Best for meeting rooms with 4-8 people
