IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons. These precautions include:

READ ALL INSTRUCTIONS BEFORE USING THIS PRODUCT.

1. Read all instructions before using the appliance.
2. To avoid fire or shock hazard, plug the appliance directly into a 120V AC electrical outlet.
3. If the filter is covered by a bag when shipped, remove plastic bag before use and keep away from children.
4. Keep the cord out of heavy traffic areas. To avoid fire hazard, never put the cord under rugs, near heat registers, radiators, stoves, or heaters.
5. To protect against electrical hazards, do not immerse the appliance or use near water or other liquids.
6. This appliance is not intended for use by children or by persons with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge. Close supervision is necessary when any appliance is used near children. Children should be supervised to ensure that they do not play with the appliance. Keep the appliance and its cord out of reach of children.
7. Always turn the appliance off before unplugging it.
8. Always unplug the air purifier before moving or cleaning the unit, opening the filter chamber cover, changing the filters and whenever the unit is not in use. To disconnect the unit, be sure to pull the plug and not the cord.
9. Never drop or insert any objects into the openings of the unit.
10. Do not operate any appliance with a damaged cord or plug. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return appliance to manufacturer for examination and/or repair.
11. Use appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.
12. Do not use outdoors.
13. Never place on a soft surface such as a bed or sofa as this could cause the unit to tip over and block the air inlet or outlet grills.
14. Keep unit away from heated surfaces and open flames.
15. Do not place anything on top of unit.
16. Never use detergents, gasoline, glass purifier, furniture polish, paint thinner or other household solvents to clean any part of the appliance.
17. This appliance should only be used in a room with temperatures between 50° F and 104° F.
18. **WARNING:** To reduce the risk of fire or electric shock, do not use this appliance with any solid-state speed control device.
19. Do not place the appliance on a walkway or where someone may trip over it. Misplacement of the appliance may cause a trip and fall.
20. The ionizer in this appliance produces less ozone than the UL established limits of 50ppb (parts per billion). However, in high concentrations, ozone can be harmful to birds and small pets. To prevent ozone buildup, we suggest using the ionizer in well ventilated areas with the fan on.

SAVE THESE INSTRUCTIONS

HOUSEHOLD USE ONLY

North American models with polarized plugs:

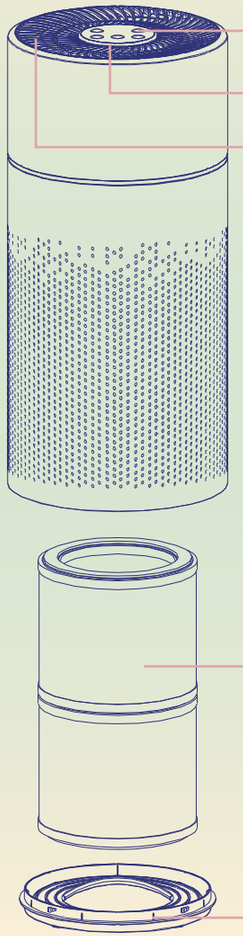

POLARIZED PLUG

This appliance has a polarized plug, (one blade is wider than the other). As a safety feature to reduce the risk of electrical shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature or modify the plug in any way. If the plug fits loosely into the AC outlet or if the AC outlet feels warm do not use that outlet.

Fan Speeds	4	**Power Consumption**	40W

ENERGY® STAR CERTIFICATION

This product earned the ENERGY STAR label by meeting strict energy efficiency guidelines set by the U.S. EPA. Room air cleaners have demonstrated the potential for improving air quality and providing health benefits. EPA does not endorse manufacturer claims regarding the degree to which a specific product will produce healthier indoor air. The energy efficiency of this ENERGY STAR certified model is measured based on a ratio between the model's CADR for Smoke and the electrical energy it consumes, or CADR/Watt.

GETTING STARTED

1. Turn OFF and unplug the air purifier.
2. Locate the filter cover at the bottom of the unit.
3. Rotate the knob counterclockwise to remove the cover and expose the filter.
4. Remove the plastic bag from the filter and re-insert the filter.
5. Re-align the filter cover and turn the knob clockwise to close.
6. Your unit is equipped with a 3-in-1 True HEPA filter that lasts up to 8-12 months, depending on usage.

OPERATING INSTRUCTIONS

1. Place the unit on a dry, stable, and firm surface. Make sure not to block the top air outlet vent and air intake grill.
2. Plug unit into appropriate electrical outlet. **Note:** The display lights and air quality indicator will initially flash on and then turn off. The power button will remain illuminated when the unit is plugged in.
3. Tap the power button ( ) to turn the unit ON.
4. When starting up, the appliance will operate in Auto mode by default.
5. To select a desired fan speed, tap the fan button ( ) to cycle through the speeds AUTO, III (high), II , I (low) until the desired speed setting is illuminated.
6. To set the timer for 2, 4 or 8 hours, tap the timer button ( ) until the desired setting is illuminated. When the set time has elapsed, the appliance will automatically switch off. To deactivate the timer, press and hold the timer button ( ) for 3 seconds or tap the timer button ( ) repeatedly until the timer setting lights are turned off.
7. To turn the ionizer ON, press the button (ION) once until the white LED light next to the button is illuminated. Press the button again to turn the ionizer OFF.
8. To turn the air quality indicator light ON, press the button ( ). To turn the air quality indicator light OFF, press the button once more.
9. **Important:** Always turn OFF and unplug the unit when not in use.

CARE AND MAINTENANCE

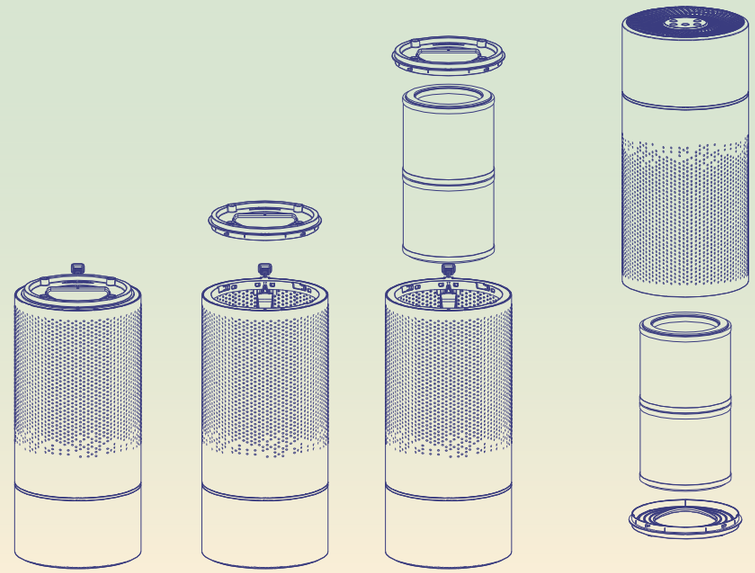

- Before cleaning the air purifier, turn OFF and unplug the unit.
- Clean the exterior surface with a clean, damp cloth.
- The top air vent can be cleaned of dust with a small, soft brush.
- If you would like to clean the inside of the filter compartment, ONLY use a dry, soft cloth to wipe it down.

WARNING: Do not allow moisture to come into contact with the main housing of the air purifier. NEVER use detergents, gasoline, glass cleaner, furniture polish, paint thinner, or other household solvents to clean any part of the appliance.

BAP360XL-WT_22EM1 (US).pdf 6 2022/8/9 下午2:56

HOW TO REPLACE THE TRUE HEPA FILTER

1. The filter replacement indicator light and air quality indicator will flash and air quality sensor indicator change to red when it's time to replace the filter.
2. Turn OFF and unplug the air purifier.
3. Locate the filter cover on the bottom of the unit.
4. Rotate the knob counterclockwise to remove the cover and expose the filter (Figure below).
5. Remove and discard the filter and re-insert a new filter (Figure below).
6. Re-align the filter cover and turn the knob clockwise to close.
7. Plug the unit and turn the power ON.
8. To reset the filter status on the air purifier, press & hold the filter replacement button for 3 seconds. The filter icon will Flash 3 times and then go off.

Information on where to purchase replacement filters can be found on our website at www.bionaire.com.

WARNING: Only use the original Bionaire filter model BAPF361 / BAPF361-2PK specially intended for this appliance. Do not use any other filters.

AIR QUALITY SENSOR MAINTENANCE

Open the small door compartment and use a vacuum cleaner for about 10 seconds at the lowest speed setting.

It is recommended to do this once every two months.

Step 1.

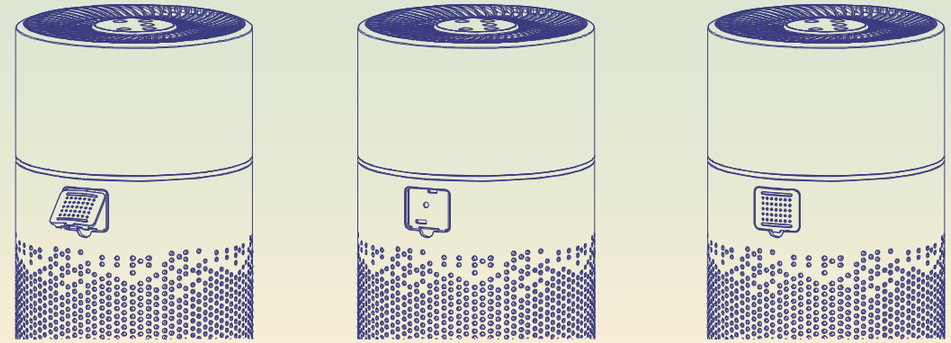

Open the air quality sensor cover.

Step 2.

Clean air quality sensor, air inlet, air outlet and lens with vacuum cleaner.

Step 3.

Reattach the air quality sensor cover.

TROUBLESHOOTING

PROBLEM	SOLUTION
Why is my unit not working?	✓ Check if unit is properly plugged in and outlet is working. ✓ Make sure unit is turned ON. ✓ Make sure filter is properly installed and the filter door is correctly closed.
Why is there a decrease in air flow?	✓ Make sure nothing is blocking air intake grille and filtered air outlet. ✓ Check condition of the filter and replace if necessary. ✓ Check filter to remove any plastic wrapping/packaging.
Why is the unit making a loud noise?	✓ Make sure parts are firmly positioned in place. ✓ Open the filter door and verify that any plastic packaging was removed from the filter.

Bionaire® Brand Customer Service - United States: 1-800-253-2764

This product complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This product may not cause harmful interference, and (2) this product must accept any interference received, including interference that may cause undesired operation.
Note: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception, which can be determined by turning the product off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

WARRANTY INFORMATION

3 YEAR LIMITED WARRANTY

Sunbeam Products, Inc. ("Sunbeam") warrants that for a period of three years from the date of purchase, this product will be free from defects in material and workmanship. Sunbeam, at its option, will repair or replace, free of charge, this product or any component of the product found to be defective during the warranty period. Replacement will be made with a new or remanufactured product or component at no cost to the consumer. If the product is no longer available, replacement may be made with a similar product of equal or greater value. This is your exclusive warranty. Do NOT attempt to repair or adjust any electrical or mechanical functions on this product. Sunbeam reserves all rights to decline coverage if the defect or damage was caused by unauthorized components or service. This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable. Keep the original sales receipt. Proof of purchase is required to obtain warranty performance. Dealers, service centers, or retail stores selling Sunbeam products do not have the right to alter, modify or any way change the terms and conditions of this warranty. This warranty does not cover normal wear of parts or damage resulting from any of the following: negligent use or misuse of the product, use on improper voltage or current, use contrary to the operating instructions, disassembly, repair or alteration by anyone other than Sunbeam or an authorized Sunbeam service center. Sunbeam expressly excludes from this warranty and denies liability for defects or damage caused by repair or alteration by anyone other than Sunbeam Products, Inc. or an authorized Sunbeam service center. Further, the warranty does not cover: Acts of God, such as fire, flood, hurricanes and tornadoes.
No terms of this warranty may be construed to apply to non-warranty service and maintenance. Accordingly, Sunbeam Products, Inc. also denies liability for defects and damage caused by repair or alteration outside the terms of this warranty.

WHAT ARE THE LIMITS ON SUNBEAM'S LIABILITY?

Sunbeam shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition. Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty.
Sunbeam disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise. Sunbeam shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product including incidental, special, consequential or similar damages or loss of profits, or for any breach of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party. Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction.

HOW TO OBTAIN WARRANTY SERVICE

In the U.S.A.
