5 SIMPLE STEPS TO SHOP FOR FOOD

1. read the label

If you don't understand an ingredient listed on a food or treat package, seek advice from a Petco store partner for more information.

2. choose the best protein sources

The first ingredient listed should be a form of high-quality protein such as chicken, salmon or turkey. The order of ingredients is listed based on their percentages in the food, from greatest to least.

3. avoid artificial ingredients

Choose food that supports a high-quality, natural diet.

4. gluten- and grain-free

Gluten- and grain-free cat food can be a lifestyle decision and is an appealing choice for any pet parent who's concerned with food sensitivities in both humans and cats.

5. nourish your cat's age and activity level

The right food formula for your cat is a combination of the specific needs to their age and activity. We have nutritional options to meet all the life stage needs of your cat.

WHAT WE FEED THEM MATTERS.™

Not all pet food is created equal, so it's important to know what you're putting in your pet's bowl. Just like human food, there's healthy pet food and there's junk pet food.

As pet parents, we want our pets to live long, healthy lives. Cats are carnivores, so starting them with high-quality, premium food with quality, meat-based protein will ensure your cat stays on the right track. In order for your cat to thrive, Petco recommends feeding wet food to your cat as a complete meal or as a supplement to dry kibble.

The benefits of eating wholesome, nutritious food can have a lasting impact on your cat's total health:

- ✓ Healthy urinary tract
- ✓ Improved energy levels
- ✓ Aids healthy digestion
- ✓ Helps support a healthy immune system
- ✓ Healthy weight
- ✓ Hairball control

set up the home.

To help your new best friend settle in at home, your cat will need:

A place to eat: designated food and water bowl

A safe place to relax: consider a climbing tree

A designated place to scratch: scratching post

A place to sleep: a comfy bed

A litter box: homes should have an equal number of litter boxes per cat **plus one extra** to help prevent accidents and territorial behavior

Purrfect home accessories:

Cats love relaxing in small spaces that are warm and secure. **Cat trees, caves, cup beds** and **condos** give that same comfort without the buildup of cat hair on your furniture.

Cats love to sleep! **Cat beds** provide a comfortable place they can curl up for long snoozes.

how to choose litter.

There’s one thing you need to remember when choosing cat litter—it’s all about what your cat prefers. We have every variety of litter to meet your cat’s preferences.

Place your cat’s litter box in an easy-access, low-traffic area of the home where your cat has privacy. Although you might want the box to be out of sight (and smell), it’s very important that the litter box is accessible. **All litter sold at Petco is highly absorbent and offers superior odor control.**

encourage positive behavior.

You can encourage good behavior from the start:

- ✓ Reward with treats. Cats have short attention spans, so rewarding immediately with a treat will help your kitty understand the desirable behaviors.
- ✓ Praise to positively reinforce good behaviors, such as scratching on a post vs. your furniture or curtains.

Scratching is a natural behavior for cats.

Scratching is great for your cat's health. It helps keep the claws in proper shape, acts as daily exercise and reduces stress. We recommend choosing a scratching post that is tall and stable enough for your cat to use often. Certain scratchers, such as cardboard ones, should be replaced often to keep the scratching surface effective for your cat.
