## COLLECTION REVIEW

# Pfister™

## Over 100 Years of Proud Heritage

For years, you've known us as Price Pfister. We've simplified our name to Pfister, but our 100 year legacy and commitment to providing high quality and innovative faucets backed by a Lifetime Warranty remains the same. As we begin a new century as Pfister, we are not only proud to continue our tradition, but also excited to discover new ways of enhancing your experience with our products and services. It's the experience that matters. Yours and ours.

## Modern Kitchen

Pfister's Modern Kitchen project was developed and intended to do the following:

- Offer customers a complete offering of quality products for the kitchen
- Demonstrate best in class modern design aesthetics from a modern and transitional perspective
- Launch innovation-rich products at a good value

In this updated kitchen product listing, you will find potfillers, pull-downs, bar and culinary faucets in finishes that include chrome, stainless steel and tuscan bronze. This variety will allow you to make the most of your kitchen experience whether you are a novice or a bonafide gourmet chef.

## Showroom Preferred Collections

Continuing our tradition as a leader in the plumbing industry, Pfister proudly introduces our Showroom Preferred Collections. These collections include award-winning designs and world-class finish options. From sleek, modern design statements to charming vintage updates, you're sure to find the Pfister style that coordinates beautifully with your project.

The Showroom Preferred Collections features exceptional kitchen and lavatory faucets, shower systems and showerheads that deliver value, style and innovation. The Showroom Preferred Collections demonstrate why Pfister has been trusted since 1910.

# KITCHEN:COLLECTIONS

## at a glance

Pfister offers distinctive styles and finishes in the perfect configurations that coordinate beautifully as the centerpiece of your home.

Innovative technology such as anti-splash sprayheads and pause-control sprayheads provide practical solutions to make life a little easier in the kitchen.

All kitchen faucets feature the ceramic disc valving to ensure the highest level of performance and reliability.
