- Coordinating soap pump included
- Homeowner's care and maintenance guide
- Lifetime warranty
- ADA compliant

Polished Chrome

Stainless Steel

Tuscan Bronze

BODY / CARTRIDGE:

- 25 mm Cartridge: Slim design for clean body integration
- Easy-clean single pivot handle design

UNDERBODY:

- 36" nylon braided Santoprene lined flex lines which plumb directly to the angle stop. Reinforced for high-strength and durability
- Quick Connect easy-install connections to reduce install time
- Quick Connect tool included in the box for faster connections without tools
- Single post and deck-plate mounting options for 1 to 4 hole configuration
- 2 1/4" install depth standard for faucet and soap pump

DOCKING SYSTEM:

- Proprietary Accu-Dock docking system
- Enhanced roaming weight system to provide speedy retraction and 2x the retraction reach of the competition
- Quiet, nylon braided Santoprene lined waterway to ensure no water choking issues. Also, lining does not transmit taste or smell to water.
- Nylon braided is not susceptible to chemical erosions typical of metal braided hoses

SPRAY HEAD:

- Cal-Green compliant 1.8 gpm flow rate at 60 psi
- 2-Function: Spray & Stream
- 2-shot over-molded buttons for enhanced comfort
- Ergonomic spray head design for comfortable in-hand usage
