

Zuri Pull-Down GT529-MPC / GT529-MPS

FEATURES

- 2 finish options: Polished Chrome & Stainless Steel
- Optional solid metal deck plate
- All metal soap pump in a coordinating modern design
- Homeowner's care and maintenance guide
- Lifetime warranty
- ADA compliant

Polished Chrome

Stainless Steel

BODY / CARTRIDGE:

- #1 researched body design in modern markets
- All brass body weighing over 3 pounds alone
- 35mm Cartridge: Enhanced handle feel. Consumer tested to be preferred over 25mm options
- Joystick handle with Easy-Select orientation: This provides clear markings and 3 distinct locations for easy navigation

UNDERBODY:

- 36" nylon braided Santoprene lined flex lines which plumb directly to the angle stop. Reinforced for high-strength and durability
- Quick Connect easy-install connections to reduce install time
- Single post and deck-plate mounting options for 1 to 4 hole configuration
- 4" install depth standard for faucet and soap pump

DOCKING SYSTEM:

- Proprietary Accu-Dock docking system with both audible and tactile response
- Enhanced roaming weight system to provide speedy retraction and 2x the retraction reach of the competition
- Quiet, nylon braided Santoprene lined waterway to ensure no water choking issues. Also, lining does not transmit taste or smell to water.
- Nylon braided is not susceptible to chemical erosions typical of metal braided hoses

SPRAY HEAD:

- Cal-Green compliant 1.8 gpm flow rate at 60 psi
- 3-Function: Spray, Stream, Pause
- Insulated, Metal Spray head for enhanced quality feel
- Designer-styled spray face and pattern with easy clean nozzles
- 2-shot over-molded buttons for enhanced comfort
- Ergonomic spray head design for comfortable in-hand usage
