We are Pfister.

For more than a century, families have been welcoming Pfister into their homes. We have become their partners through and through. We are willing to serve. Happy to help.

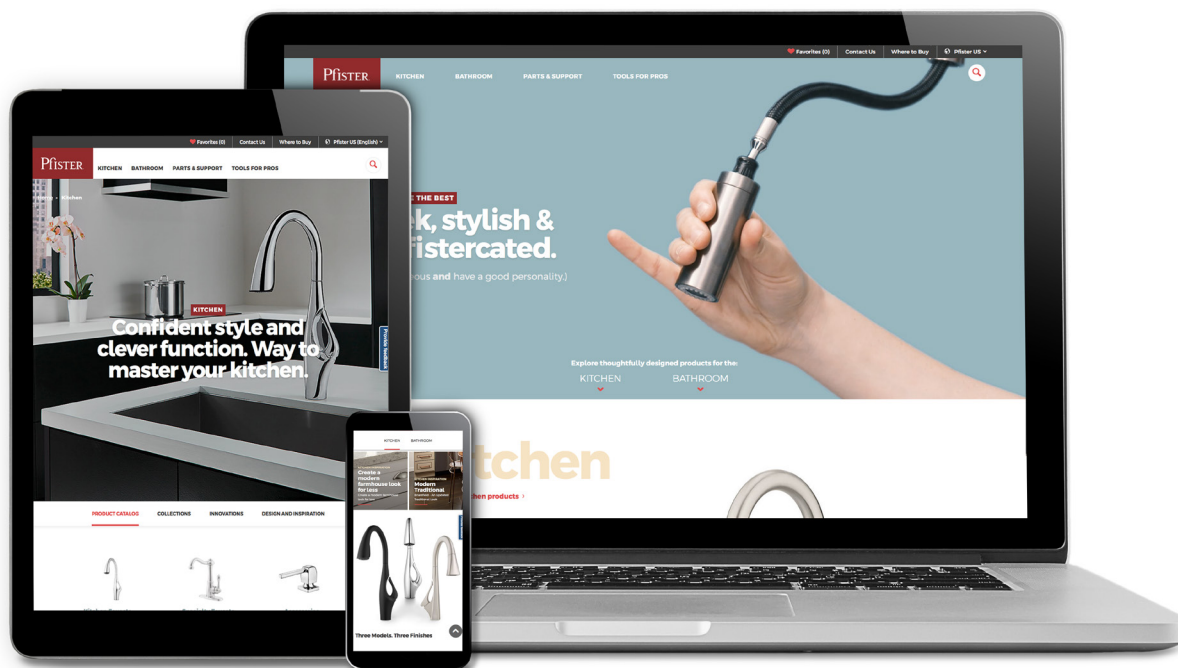

Never will you be hung out to dry. Never will your budget keep you from finding the style you'll love. Never will we stop searching for ways to improve your everyday experience.

We're faucet people. Real, humble, and hard-working. We know what you want out of a faucet, because we know what we'd want out of a faucet.

We put our hearts into everything we do, creating thoughtfully designed faucets and fixtures that fit perfectly into your life – because we believe everyone deserves to fill their home with style and quality no matter what their budget.

Discover Pfister's New Website

Your Pfister team is proud to announce the launch of our new website. It is quite the looker with a focus on great product design and plenty of inspiration and design ideas. The new intuitive navigation with improved menu functionality lets you find what you need in fewer clicks. It is optimized to work with a wide range of browsers and portable devices, too.

We've introduced useful new content to the website like the upgraded Parts & Support section which helps you to quickly identify what's wrong with your faucet, which parts are needed for the fix and how to order them. Or the new Tools for the Pros section, featuring the **new Spec Builder**, the easy-to-use Image Download and the Installation and Maintenance Resource Center.

**COME CHECK OUT OUR NEW LOOK
AT PFISTERFAUCETS.COM!**

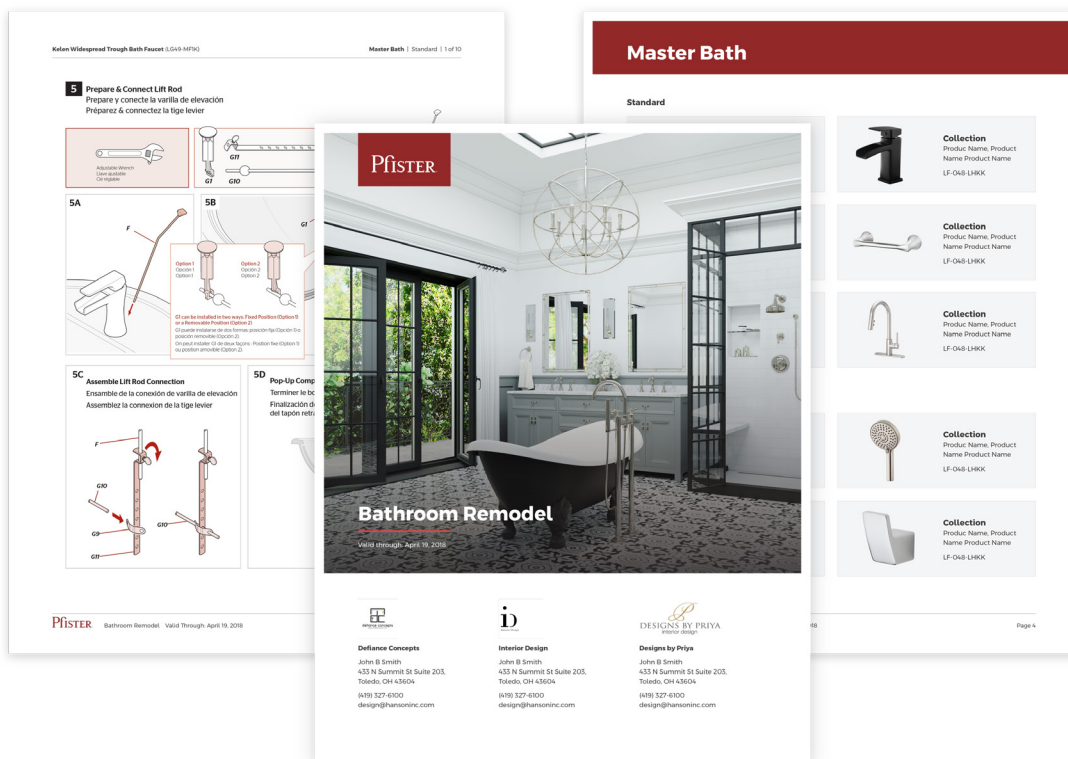

Custom Specs in Just a Few Secs.

(Ok, maybe not that fast. But you're gonna love what you can do with it!)

Your clients need details. But getting them into one document can be a hassle. So use our Spec Builder to create custom spec sheets for your projects. You control what information gets included—and the output is a professionally-designed PDF that's easy to share with your clients. Yes, you can create a document anonymously, but we think it's worth taking a minute to register (it's free) so you can access and edit all your specs in the future.

STEPS TO SPEC-BUILDING SUCCESS

- **Start** with contact info, a cover image, and the info sheets you want to include.
- **Structure your project** by room, by package, or any way that works for you.
- **Add products** to your heart's content!
- **Check the boxes** to show quantity, prices, features, warranty details, and more.
- **Share. Print.** Frame it if you want!
(Because a great spec is a work of art.)

Xtract™ Filter Mode

Advanced Filtration. 2X Faster

Pfister faucets with Xtract technology deliver great-tasting filtered and regular tap water from a single faucet, 2X faster than typical water filter products. Xtract uses GE® 2X High Flow Filtration which reduces contaminants such as pharmaceuticals, chlorine, and lead.

React™

Response Activated Technology

Pfister's REACT faucets put you in charge when things get hectic in the kitchen. Simply guide your hand or an object within 3" of the front of the sensor to turn the water on or off. Minimize water spots, fingerprints, and the spread of germs with this reliable, touch-free faucet.

Ultra Seal™

Pfister's UltraSeal cartridge is a premium upgrade to your showroom preferred faucet offering you lifelong protection against leaks. Pfister ensures the strongest connection point to the handle with larger ceramic discs and an all-brass ¼-turn cartridge technology. UltraSeal cartridges can be retrofitted into most existing widespread faucets.

Accudock™

AccuDock is Pfister's advanced sprayhead docking technology which ensures a secure, tight connection of the spray head to the faucet spout every time. The AccuDock technology guarantees the spray head will stay securely in place after every use.

PUSH & SEAL™

DRAIN INNOVATION

Push & Seal is an innovative drain assembly that is easy to install and even easier to use. No tools are required, and it installs in half the time of a standard pop-up drain. Press to seal and again to open. It really is that easy.

Icon Legend

Meets EPA WaterSenseSM Standards

All items with the WaterSenseSM logo to the left of the model numbers meet or exceed the certification criteria of the EPA's WaterSense Program.

NSF Lead-Free Certified

All kitchen and lavatory model numbers starting with the prefix "GT" or "LG" meet NSF 61/9 Annex G Lead Requirements.

ADA Compliant

Models displaying the International Symbol of Accessibility are accessible by physically disadvantaged persons and meet all ADA/ANSI A117.1 requirements.

CalGreen Compliant

All items with this logo meet or exceed the flow rate criteria of the California Green Building Code.

CEC Compliant

All model numbers beginning with LG, G and GT's meet the requirements of the California Energy Commission.

UltraSealTM

All items with this logo include brass 1/4-turn cartridge and ceramic disc technology for lifelong leak-free operation. Retrofits into most existing widespread valve bodies.

SecurePfitTM

All items with this logo include a unique fixed -hub handle which threads directly to the valve cartridge for significant structural rigidity.

WaterSenseSM

We went green more than a decade ago. Our initiative with products that were certified by the Environmental Protection Agency's WaterSense program started in 2007, long before others heeded the call. Faucets engineered to reduce water consumption by 30% or more — without sacrificing performance — were crucial to us as good citizens. We'll continue to create innovations that support conscientious households, and the future of our planet.

CEC Compliant

Less usage never felt so good. With Pfister faucets, being water-wise requires no sacrifice. In fact, meeting the California Energy Commission's standards is likely unnoticeable on a daily basis. What you do know is that your shower head meets the strict WaterSense performance guidelines and that you're using significantly less water without any extra effort. Hooray for innovation that's effective and enjoyable!

CalGreen Compliant

We got this. Many Pfister products already meet or exceed the California Green Building Code. Which means that we've committed to reduce the overall use of potable water within any given building by at least 20%. This stringent measurement meets Cal Green criteria, but we're always improving to exceed current standards. Future generations can count on us.

Water Conservation

Pfister makes it easy to conserve water. Eco-Pfriendly™ aerators and inserts are available for Kitchen, Lavatory and Showerhead products. Locate your product on the following charts to choose the correct option for your water conserving needs.

TENET

MODERN LIFESTYLE, DISTILLED INTO
A SOPHISTICATED COLLECTION.

If you've taken a look around and decided that excess is just that—clarity of purpose comes shining through. The things you choose to adorn your space become carefully cultivated, and not just arbitrary accumulation. This all-brass modern collection is for the true minimalist who values perfect proportion and extremely precise functionality. Faucet levers and cross handles sit tightly flush, a feat of inner engineering that allows for crisp lines and a tidy footprint. The shower-integrated rail has been thoughtfully designed for ease of installation, complementing a 'just right' 8" rain showerhead. Exactly what you need with nothing that you don't, this collection is premium, through and through. The epitome of simplicity, TENET proves what you already know: *every detail counts.*

Park Avenue

The Park Avenue Collection evokes the drama of New York and the high end modernity of the Art Deco Style. Like its namesake, Park Avenue's lines reflect a modern grace that blends into many bathroom styles.

lyla

In Gaelic, lyla means island. The soft curves of the collection could be installed on any island in the world or in any mainland water lover's bathroom, for that matter. This collection grew from the soft wave shape you see wrap its way around the spouts of this collection. Feel the tranquility of ocean living no matter where you are.

React™	3
Pull-Down/Pull-Out Faucets ...	4
Single Control Faucets	9
Prep/Bar/Laundry Faucets.	14
Kitchen Accessories.	15

Xtract™

Advanced Filtration. 2X Faster

Pfister faucets with Xtract technology deliver great-tasting filtered and regular tap water from a single faucet, 2X faster than typical water filter products. Xtract uses GE® 2X High Flow Filtration which reduces contaminants such as pharmaceuticals, chlorine, and lead.

XTRACT™ Filter Mode
Activate Xtract Filter Mode by simply moving the handle back.

Tap Water
Regular handle use for washing dishes.

GE APPLIANCES

2X High Flow Filtration Included

Up to 6 Month Filter Life

Pfister faucets with Xtract™ reduce the following contaminants from tap water:

Chlorine Taste & Odor

Select Pharmaceuticals †

Select Pesticides, Insecticides & Herbicides

Lead & Mercury

† **REDUCES:** Atrazine, Lindane, Toxaphene, Mercury, Atenol, Carbamazepine, Trimethoprim, Linuron, Estrone, BPA, and Nonyl Phenol

† Incidental contaminants/emerging compounds which have been detected in drinking water supplies at trace levels can affect public acceptance/perception of drinking water quality

WARNING: Do not use with water that is microbiologically unsafe or of unknown quality, without adequate disinfection before or after the system

React™

Touch-Free Technology

Pfister faucets with React™ put you in charge. Speed through food prep, dish washing and clean-up. Reliable, touch-free operation keeps the spread of germs in check and reduces fingerprints and water spots.

REACT™ Sensor

Simply guide your hand within 3" in front of the sensor range to turn the water on or off.

High-Temperature Limit Stop

Temp Adjust gives you the freedom to dial in your ideal water temperature in sensor mode. Set it once and forget it or adjust it as often as you like.

OPEN VALVE SYSTEM

By tilting the handle to the outward position, it gives you a clear visual indicator when the electronic mode is engaged.

MANUAL OVERRIDE

The sensor can be overridden by turning the dial on the control box counter-clockwise. The faucet can then be used manually.

THREE-FUNCTION SPRAYHEAD

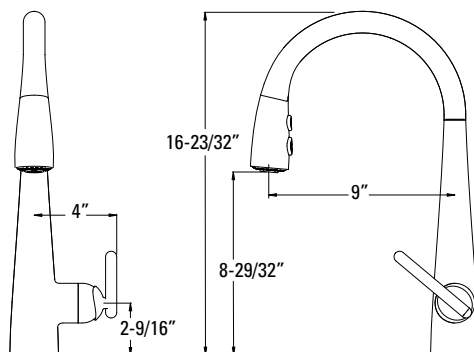

Toggle between spray, stream, and pause modes right in the palm of your hand for efficient rinsing, cleaning, and filling functionality.

Rhen

FOLDS THAT FLOW WITH THE NATURAL
ELEGANCE OF WATER. RHEN MAKES AN ENTRANCE.

In a world of haste, there is a haven to be found in the graceful folds of Rhen. Hourglass silhouettes echo hand-tailored eveningwear, enchanting from every angle, yet utterly mesmerizing in motion. Inspired by the designer's heirloom wedding gown, the elements of this collection are perfectly imperfect organic pieces that imbue the transitional faucet with a twist of nostalgia.

Weighty brass fixtures include lavatory faucets, tub fillers, slide bar kits, diverters and a full suite of accessories, individually draped in four refined finishes.

As water cascades from the petite peek-a-boo trough spout, your elegant evenings out begin even before you leave the bath, and returning home becomes a welcome respite, no matter the hour.

Arterra

The Arterra Collection displays its classic lines without being too ornate. This allows the family to fit both a traditional styled interior and/or contemporary one. The faceted surfaces allow for a bold look that's not overpowering. This family was designed to slightly modernize the look of a more traditional bathroom while adding a classic twist to a more contemporary one.

Marielle

A touch of old world craftsmanship is artfully reflected in the Marielle® bathroom collection. This traditional French Country design is highlighted by a high-arc spout and two conical handles. The unique 4" lavatory faucet can be installed as either a traditional centerset or mini-widespread faucet.

Contempra

This is the faucet that collects compliments by the handful. Contempra looks oh-so-clean that it can go mod or retro, for those of thou who like to mix and match. If you've got a Mid-Century heart and an eye for quality, this is your shiny new sweet spot.

Deckard

The Deckard Collection embodies soft-modern design by incorporating curves into the familiar sleek, hard-edge motif of modern aesthetics. The clean, horizontal lines in this design create a precise aesthetic as the contrasting subtle curves offer balance. The small footprint of this faucet and the thin profile of the spout and handle make this a clean design that is optimum for any modern space.

Northcott

Redefine traditional style with Northcott, a new collection for the bath that brings modern sensibility to classic bath design. This collection begins with centerpiece faucets featuring graceful, rounded lines inspired by vintage plumbing fixtures. The easy to clean design is coupled with high quality solid cast construction and thoughtful features like a 5 function showerhead and matching bath accessories.

Weller

The Weller line of lavatory fixtures is the new standard for transitional style. With a blend of the best features from both modern and traditional elements, Weller is a complete line of faucets that is refined and well balanced. Gracefully arced spouts and angled handles work together to complement a wide range of décor, making Weller the ideal selection for those who want to update or upgrade their bathroom.

1/2" Thermostatic

Achieve precise control in water temperature and pressure without a messy upgrade project. Thermostatic trims enable you to adjust your water pressure while maintaining the perfect temperature. With a simple cartridge exchange you can easily upgrade your pressure balance shower to a thermostatic shower without changing your in-wall shower valve.

Frequently Asked Questions

How can I distinguish between the pressure balancing cartridge & thermostatic cartridge?

Besides the geometric differences (the thermostatic is much larger in size both diametrically as well as laterally), the thermostatic cartridge has a TYPE T marking on the top of the bonnet to facilitate inspection even with the finished wall in place.

Can customers order the valve body without the cartridge already installed?

Yes, the VB8 skus are valve-only castings with a test plug included. This allows the customers to rough-in the casting and determine the cartridge and trim type at a later date.

Does the thermostatic cartridge support a back-to-back installation?

Yes, if the inlet lines were switched during the rough-in, simply flip the cartridge 180 degrees when inserting it into the valve body.

What type of test plug is provided with the VB8 casting skus?

A full test plug is provided with the VB8 casting which allows plumbers to quickly test the lines for leaks.

Is it necessary to plumb the outlet through the tub port and plug the shower port on the valve body?

No, it is not necessary to plumb the shower head & body sprays through the tub port of the valve body. However, it is recommended in order to achieve the maximum flow attainable and provide the finest shower experience for the user.

How many outlets (showerheads, body sprays, etc) can the TX9 thermostatic cartridge support?

The TX9 cartridge delivers 7gpm @ 60psi and can support a showerhead and up to 2 body sprays. For more shower outlets, additional valves will be required upon rough-in.

How can the same product that delivers 7gpm @ 60 psi also be considered a green product?

The thermostatic valve is regulated by fluctuations in temperature, not pressure. Thus, the thermostatic cartridge can deliver outstanding performance at lower than normal (<2.0gpm) pressure and flow rates.

Common Installation

Showerhead & Hand Shower

3/4"

Thermostatic

When you want to get more out of your shower, it's all about deciding how and where you want the water delivered. A 3/4" thermostatic shower allows you to combine one or more shower heads, hand held showers, and body sprays into your ideal shower experience.

Frequently Asked Questions

Do I need to remove the thermostatic cartridge when roughing in the 3/4" valve?

No, the rough-in valve ships with a plug for testing, but the actual cartridge ships with the trim components so no cartridge removal is necessary during rough-in

If I want to use 3/4" thermostatic valve, do I always need to use volume control?

Yes – our 3/4" thermostatic valve is temperature only so you always need to use 1 volume control valve to control flow rate and on/off function

How many functions/operations can the 3-port diverter run?

Total of 6 positions are available – 3 one-function and 3 two-function combination settings

Do I need to use a volume control valve with a 3-port diverter/thermostatic valve combination?

Yes. In addition to your thermostatic and diverter valves, you will need 1 volume control valve

Should I cap the tub or the shower port in a shower-system configuration?

Always cap the tub spout when using the 3/4" valve in a vertical spa configuration

How should I plumb body sprays to ensure proper pressure balancing?

A pressure balancing loop must always be used with body sprays to allow for equal supply of water to each spray

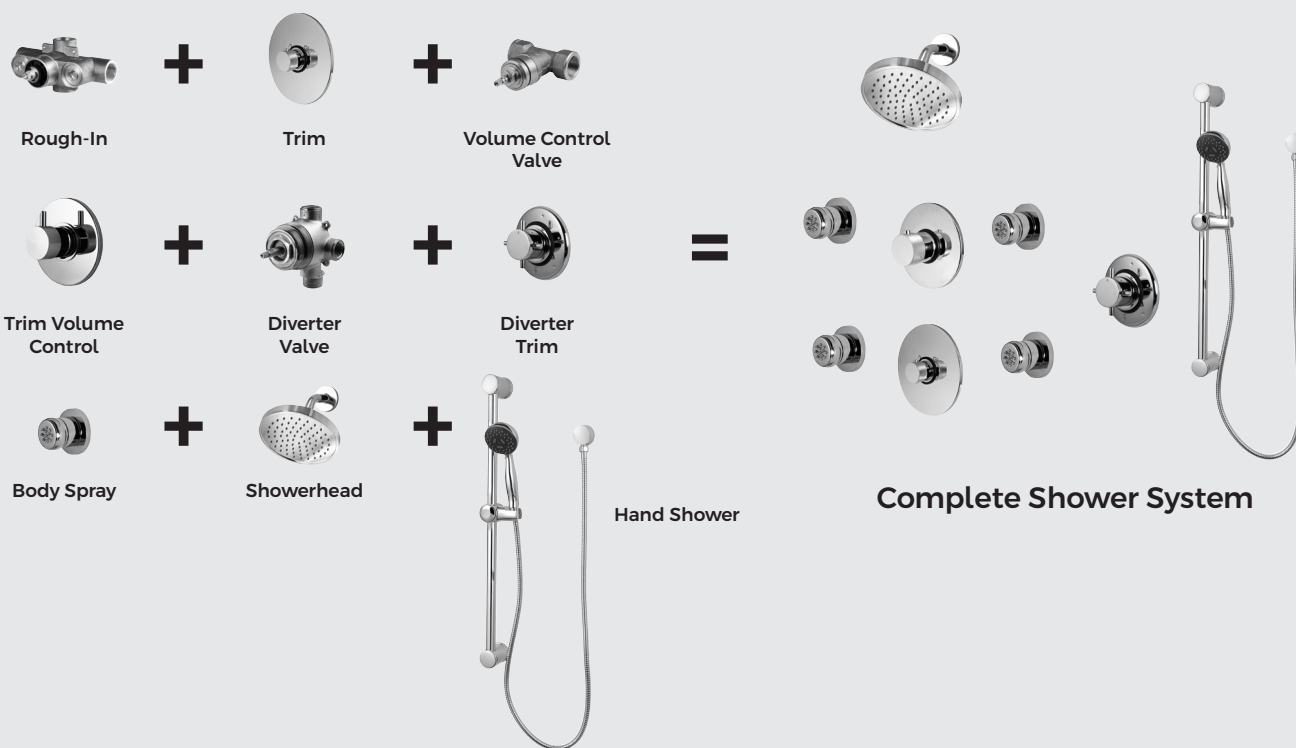

How should I connect body sprays to water supply?

Thread body sprays onto 1/2" male NPT pipe which is plumbed in a loop system

Should I use 3/4" or 1/2" tubing/pipe for water supply rough-in?

We recommend using 3/4" tubing/pipe between thermostatic and flow valves, with 1/2" everywhere else – However, if 3/4" is available to plumb entire system, it is preferred, but 1/2" will not diminish performance

Job Pack Price Guide & Packaging

Tub & Shower · Roman Tub · Showerhead

ON-SITE INSTALLATION MADE EASY

Pfister Job Packs are designed and packaged with the new work contractor's needs in mind. Our faucets are packaged in quantities suited to multiple installations on the job site.

- Includes Roman Tub Valves, Shower Valves & Showerheads.
- Our packaging is secure. It comes in a master carton with separators and unit dividers that meet the needs, the installer, in new work situations.
- Best of all, you get great pricing along with the superior benefits of Pfister ceramic disc technology.
- Pfister extends the Pforever Warranty® to all Job Pack products.

CERAMIC DISC VALVING

Ceramic disc valves last eight times longer than the industry standard. They are the ultimate in durability and reliability.

Tests show that our ceramic disc valves operate flawlessly for more than 4 million cycles. That is the equivalent of 80 years of normal use, or 8 times the industry standard. Ceramic is the hardest material on earth next to diamonds, withstanding even the harshest of water conditions.

Why is this so important to you? Because the biggest reason for call-backs is leaks. Our ceramic disc valving is guaranteed to be leak-free for life. Homeowners love it because the self-lubricating ceramic discs provide easier operation.

Valves

Sure, they go behind the wall. But that doesn't mean your tub and shower valves aren't critical. Selecting the right valves comes down to your plumbing setup. From single-handle and multi-handle tub and shower valves, to diverter valves for hand held showers and body sprays, and a choice between pressure-balanced and thermostatic, you'll find a range of Pfister valves to meet your needs.

Pfister® Lifetime Mechanical & Pfinish Limited Warranty

Covers Pfinish & Pfunction for as Long as You Own Your Home

Five-Year Limited Warranty on Electrical Components

One-Year Limited Warranty on GE® Filter Components (Excluding GE Filter Cartridges)

Pfister provides the following warranties for its products. Proof of purchase may be required in order to obtain any of the benefits set forth below. Commercial applications limit the duration of the warranties provided below.

Limited Warranties: Pfister warrants that for as long as the original purchaser owns the home in which the Pfister product (the “product” excluding the electronic sensor, control box, power unit, GE filter manifold and GE filter cartridges) is originally installed, the product will be free of all defects in material and workmanship that would impair the intended and proper use of the Product. If the product is installed in a commercial application, the above mechanical warranty shall be limited for a period of ten (10) years from the date of purchase of the product.

For the electrical components including the electronic sensor, control box and power unit (battery pack or AC adapter), Pfister provides a five-year limited warranty to the original residential user of the product against defects in material and workmanship, as long as the original user occupies the premises in which the product was originally installed.

Pfister provides a one-year limited warranty for the GE filter manifold and a one-month limited warranty for the GE filter cartridges to the original residential user of the product against defects in material and workmanship, as long as the original user occupies the premises in which the product was originally installed.

Pfister warrants against deterioration of the Product’s finish for as long as the original purchaser owns the home in which the Product is originally installed. If the Product is installed in a commercial application, the above finish warranty for Products shall be limited to a period of ten (10) years from the date of purchase.

Exclusive Remedy: In the event of any defect in the product that breaches the foregoing warranties, Pfister, solely at its option, will repair or replace the defective part of the product. Repair or replacement of the product is the exclusive remedy. For any remedy under this warranty, Pfister is to be notified describing the problem. In order to notify Pfister and receive assistance or service under this warranty, the original purchaser may: (1) call 1-800-Pfaucet (1-800-732- 8238) for a consumer service representative who can assist you, or (2) write consumer service department c/o Pfister Inc., 19701 DaVinci, Lake Forest, CA 92610, and include a description of the problem, model number, your name, address, phone number and approximate date of purchase, or (3) email Pfister’s customer service department by going to www.pfisterfaucets.com, or (4) notify the location or distributor from which the product was purchased. In any case, you may be required to return the product to Pfister for inspection and proof of purchase may be required.

Limitations and Exclusions: Pfister WILL NOT BE LIABLE FOR ANY OTHER DAMAGES OR LOSSES, INCLUDING, BUT NOT LIMITED TO, INCIDENTAL AND/OR CONSEQUENTIAL DAMAGES, REGARDLESS OF THE LEGAL THEORY ASSERTED, INCLUDING ANY CLAIM OR BREACH OF WARRANTY HEREUNDER OR ANY OTHER CAUSE, AND WHETHER ARISING IN CONTRACT OR IN TORT (including negligence and strict liability).

Pfister has the right to discontinue or modify any product at any time. Some states do not allow limitations or exclusions of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

The above warranties do not cover damage resulting from improper maintenance, repair, cleaning or installation, misuse, abuse, alterations, accidents or acts of God.

Pfister Terms and Conditions

THE FOLLOWING TERMS AND CONDITIONS ARE DEEMED TO BE INCORPORATED BY REFERENCE IN ANY ORDER FOR THE SALE OF PFISTER PRODUCTS EFFECTIVE 3/1/13

PRICES

All prices are subject to change without notice and are not guaranteed. All taxes, duties or other charges are the responsibility of the Purchaser.

CHANGE OR CANCELLATIONS

Beyond 5 working days of our acknowledgement date no changes can be made. Additions to an order will be handled as a separate order and must meet applicable minimum order requirements.

Order cancellation on regular stock items only, or any portion thereof is allowed only upon prior written consent from Pfister, and the payment of cancellation charges deemed appropriate.

MINIMUM ANNUAL SALES VOLUME

Pfister reserves the right to discontinue direct sales to any customer who does not meet the minimum annual sales volume requirement. The current annual requirement is \$25,000.00.

Your annual purchases are determined by accepted, non-cancelled, and shipped orders received during each calendar year. This requirement is necessary because the administration, sales, and service costs to keep an account open may exceed any profit which might be realized below the level of this minimum.

Pfister reserves the right to change any or all minimum annual sales volume requirements at any time.

Any customer who does not meet the annual sales volume requirements may continue to purchase Pfister products through a Pfister distributor.

ORDERS AND ACCEPTANCE

Pfister reserves the right to refuse to accept any order, and no purchase order or indication of acceptance shall create a contract or otherwise be binding upon Pfister unless and until the same is accepted in writing at the Pfister offices located in Lake Forest, California. In the event Pfister accepts an order from Purchaser, it is expressly understood and agreed that the terms and conditions herein set forth shall prevail, notwithstanding the fact that the same may conflict with or vary from the terms and conditions set forth on any purchase order or other form which Purchaser may use to place such order, and the placing of such order by Purchaser shall be deemed to note Purchaser's assent to the foregoing.

TERMS

2% 45 days, net 46 days. Pfister reserves the right to alter credit terms up to and including cash-in-advance. Terms are F.O.B. Pfister distribution centers.

FREIGHT ALLOWANCE

For net minimum order of \$1000 or more, F.O.B. Pfister distribution centers with full freight allowed, as agreed in writing, or prepaid on shipments within the continental United States.

PROMISES OF SHIPMENT

Pfister does not guarantee shipping dates notwithstanding anything contained herein to the contrary Pfister will not be responsible for any consequential, special or indirect damages of any nature, or any damages that include loss of profits suffered by Purchaser because of late shipping or delivery. Pfister is not responsible for delays due to reasons beyond its reasonable control such as fire, earthquake, strikes, material shortages, government regulations, etc.

LOSS OR DAMAGE IN TRANSIT

All products are sold F.O.B. Pfister distribution centers, with risk of loss passing to Purchaser at that point Purchaser is responsible for arranging and paying for all insurance against risk of loss or of damage to the products after Pfister delivers the products into the possession of the carrier.

RETURNED GOODS

No products may be returned without our prior written authorization. If a product return is authorized, our representative will provide you with a Return Goods Authorization form (RGA) for the returnable products. The RGA form must accompany the shipment of the returned products to us.

If products were defective or were shipped in error a credit at the invoice price will be issued or replacement products will be shipped only after a thorough inspection of the returned products has been made by our representative and such inspection confirms that the products were defective or shipped in error. Please return defective products in their original packaging.

We have no obligation to agree to the return of non-defective products properly shipped. If, in our discretion, we agree to the return of non-defective, properly shipped products: (a) you will be issued a credit based on the price in effect when the products are returned or at the invoice price, whichever is lower, less the cost of return freight; (b) a 25% restocking charge will apply; and (c) returned products must be in their original package (master carton).

PRODUCT MODIFICATION

The right is reserved to deliver modified products in fulfillment of any accepted order unless Purchaser indicates otherwise in writing, placed conspicuously on the face of his/her purchase order.

INSPECTION

Purchaser shall, at its sole expense, submit all products shipped to a careful inspection upon arrival at the delivery point. All claims for damages, defects, errors, shortages or other failure of the products to conform to this agreement or their catalog description shall be delivered to Pfister in writing within ten (10) days after such arrival. Failure to make any such claim within said period shall constitute acceptance of all products so delivered as conforming to the terms, conditions and specifications hereof, and in no event may such acceptance be thereafter revoked by Purchaser. Any claims by Purchaser shall be subject to inspection by Pfister or its authorized agent, to whom Purchaser shall make available access to such products and all relevant information relating to the claim. In the event Purchaser notifies Pfister of a claim within the above period and Pfister determines the claim to be valid, Purchaser's sole remedy shall be to have Pfister replace the defective or missing products within a reasonable time or authorize Purchaser to return the defective products to Pfister for credit or give Purchaser a credit for the missing products.

TAXES

All prices are exclusive of, and may be increased by the amount of, any and all applicable excise, sales, use, manufacturer's, value added and other taxes, levies, or imposts of a governmental nature, whether federal, state or local.

COLLECTION CHARGES

In the event it becomes necessary to incur any expense for collection of any overdue account, reasonable collection charges, including reasonable attorneys' fees, will be added to the balance due and Purchaser shall pay any said charges.

MODIFICATION

These terms and conditions express the entire understanding of the parties here to with respect to the subject matter here of. No variation hereof and no agreement modifying or supplementing the terms hereof shall be valid unless in writing and signed by an authorized officer of Purchaser and Pfister.

SECURITY INTEREST

Purchaser undertakes to execute such further documentation, including but not limited to financing statements, as may be required by Pfister to grant or perfect such security interest. In the event of default, Pfister will have rights provided as secured party under the Uniform Commercial Code and Pfister is hereby authorized to file with any governmental authority or agency any documentation required to perfect such security interest.

NON-WAIVER

Any failure on the part of Pfister to insist upon the strict performance of any term or condition set forth herein shall not be deemed a waiver of any Pfister rights or remedies hereunder, nor of its right to insist upon the strict performance of the same or any other term hereof in the future. No waiver of any term or condition hereunder shall be valid unless in writing and signed by an authorized officer of Pfister.

EXPORT SALES

The above terms and conditions do not apply to original equipment manufacturers or export sales or purchases made in the United States of America for export purposes. Please contact the international group for further details.

SPECIAL FINISHES

Regular use of a soft cloth rinsed in warm, soapy water will keep a Pfister finish looking clean and new. The use of polish, detergents, abrasive cleaners, organic solvents or acid to clean, shine or polish such finishes will nullify the Pfister warranty as to such finishes.

PFISTER WARRANTY STATEMENT

The Product Warranty, attached hereto, is incorporated herein by reference.

DEFAULT

If Purchaser is in default under any order or contract with Pfister or any of its affiliated divisions or companies, or if Pfister at any time shall not be satisfied with Purchaser's financial conditions or responsibility, Pfister shall have the right, without prejudice to any other legal remedy, of suspending deliveries until such default or condition is remedied.

ASSIGNMENT

Purchaser shall not assign its orders nor any of its rights or obligations thereunder without Pfister's prior written consent.

APPLICABLE LAW

These Terms and Conditions and any subsequent sales agreements between Pfister and Purchaser shall be construed in accordance with the laws of the State of Delaware.
