 ARCHITECTURAL TRIM

507 1

Conforms to ANSI/BHMA specifications

Stanley has been a leading manufacturer of quality hardware products for almost two centuries. Founded more than 150 years ago, Stanley is now the world's leading provider of quality and innovative hardware products.

Then

In 1843, Fredrick T. Stanley started a bolt manufacturing business in a one-story wooden building in New Britain, Connecticut. The Stanley Works soon developed a reputation for innovation, quality and integrity, and became the supplier of choice for hinges, bolts and other door hardware.

Now

Today, The Stanley Works is a sophisticated, multi-billion dollar global organization. Professionals and serious do-it-yourselfers around the world rely on the quality and wide variety of Stanley Hardware. In addition, Stanley Hardware is part of the Mechanical Access Group of The Stanley Works. We've put this engineering expertise to work in hardware, resulting in a premier line of commercial products such as architectural hinges, locksets, and door stops.

Architectural Hinges	4-8
Residential Hinges	9-12
Locksets	13-14
Deadbolts	15
Residential Door Closers	16
Architectural Door Closers	17

AVAILABLE FINISHES

1. Oil Rubbed Bronze on a steel substrate is not covered by a Stanley warranty.

Standard Weight, Full Mortise Hinge

- For use on medium weight doors of average frequency without door closers
- Equipped with easily seated non-rising pin
- Hole in bottom tip for easy pin removal
- Conforms to ANSI/BHMA Grade 3
- All hinges have template screw hole locations for use on either wood or hollow metal doors and frames
- Templates available on stanleyhardware.com: 3 1/2" (T35-03), 4" (T40-01) and 4 1/2" (T45-01)

Standard Weight, Full Mortise, Spring Hinge

- Automatically closes doors when used in places like corridors, entrances and stairways
- Limited lifetime warranty against defects in material and workmanship
- Ratchet design allows for quick fine tuning of tension up or down with hex wrench (included), and eliminates need for adjustment locking pin
- Conforms to ANSI/ BHMA Standard A156.17, Grade 1
- Search stanleyhardware.com for templates for 4" (T40-04)

Door Size and Weight	Number of Spring Hinges Required
For doors up to 3'0" x 7'0" x 1 3/4" (914 x 2134 x 44mm) not exceeding 50 lbs. (23Kg)	1 each No. RP2060R with *2 each similar sized hinges
For doors up to 3'0" x 7'0" x 1 3/4" (914 x 2134 x 44mm) not exceeding 85 lbs. (39Kg)	2 each No. RP2060R with 1 each similar sized hinge
For doors up to 3'0" x 7'0" x 1 3/4" (914 x 2134 x 44mm) not exceeding 110 lbs. (50Kg)	3 each No. RP2060R

Similar sized hinges used with spring hinges must present the same pivot point. When used as part of a complete listed assembly, similar hinges must be the same as those tested. Otherwise, anti-friction hinges must be used.
* NFPA-80 stipulates minimum of 2 spring hinges shall be used on labeled doors.

Stock #	Size	Material	Finish	Pack Type	Qty Per Pack	Min. Order Qty

Grade 1 Cylindrical Lockset

- Conforms to ANSI/ BHMA A156.2 2003, Series 4000 Grade 1
- Listed by UL for use on 3 hour "A" label single swinging doors (4' x 8')
- 6 pin cylinder in "SC4" keyway
- Non-handed
- Fixed through bolt mounting studs
- Critical components are corrosion resistant
- No exposed mounting screws
- Exterior lever free to rotate when locked
- Accommodates 1-3/8" to 2" thick wood and metal doors
- 1/2" (12mm) throw deadlocking latch
- ANSI Strike: 4-7/8" x 1-1/4"
- Face Plate: 2-1/4" (57mm) x 1-1/8" (28mm)

Grade 2 Cylindrical Lockset

- Conforms to ANSI/ BHMA A156.2 2003, Series 4000 Grade 2
- Listed by UL for use on 3 hour "A" label single swinging doors (4' x 8')
- 6 pin cylinder in "SC4" keyway
- Non-handed
- Removable through bolt mounting studs
- Critical components are corrosion resistant
- No exposed mounting screws
- Exterior lever free to rotate when locked
- Accommodates 1-3/8" to 2" thick wood and metal doors
- 1/2" (12mm) throw deadlocking latch
- ANSI Strike: 4-7/8" x 1-1/4"
- Face Plate: 2-1/4" (57mm) x 1-1/8" (28mm)

Grade 1 Closer for Aluminum Storefronts

- Narrow footprint designed For standard aluminum storefront installation
- Conforms to ANSI/BHMA Standard A156.4 - 2000 Grade 1
- UL listed
- Spring power is adjustable from size 2 through 5 (3 lbf - 11lbf closing force measured at 30" from the door pivot)
- Controls the door through the entire opening and closing cycles by providing adjustable backcheck upon opening and adjusting general latch speeds through the closing cycle
- Backcheck, general and latch speeds are equipped with non-critical "v-slot" regulating valves, which allow for fine tune adjustments
- Non-handed
- All season fluid eliminates the need for seasonal adjustments
- Includes tri-pack mounting hardware for regular, top-jamb and parallel arm arrangements
