

NATURAL STONE DEEP CLEAN

Natural Stone Deep Clean is a concentrated heavy-duty cleaner and degreaser designed to clean natural stone surfaces that have been neglected or exposed to heavy use. This product can be used on polished or non-polished natural stones, grout, cement work and other brick or stone work surfaces.

Key Features

- Removes years of dirt and grime
- Safe for all types of natural stone
- Can be used as a stripping solution or cleaner

Installation

Packaging: 32 oz.

Mixing Ratio: Cleaning:

- Light: Mix 1 part cleaner to 4 parts water
- Medium: Mix 1 part cleaner to 3 parts water
- Heavy: Full strength

Stripping:

- Mix 1 part cleaner to 1 part water

Coverage: A quart will cover 40 - 150 sq. ft.

Cleaner Tips

- This product contains sodium hydroxide, also known as lye
- Wear rubber gloves and eye protection during the application process
- This solution is freeze/thaw stable; use and store cleaner between 40° and 90° F

Steps to Apply Cleaner

- ① Use a sponge, brush, or mop to apply the solution to the surface.
- ② If cleaning, allow to dwell on surface for 3 - 5 minutes. If stripping, allow to dwell on surface for 5 - 10 minutes.
- ③ Wipe up dirty solution and rinse frequently.
- ④ Use fresh cleaning solution every 100 sq. ft.
- ⑤ Rinse thoroughly with clean water. Repeat process, if needed.
