

# GROUT & TILE NEUTRAL CLEANER

Grout & Tile Neutral Cleaner is a highly concentrated neutral cleaner that was created for everyday use on all water-safe surfaces. This cleaner is designed to penetrate, suspend, emulsify, and dissolve soil, dirt and minerals left from hard water deposits. Because this is not an acid, this will not strip any sealers off stone or grout.

## Key Features

- Dissolves grease, soil, and mineral buildup
- Biodegradable
- Will not strip sealer or polish from stone or grout
- Ideal for ceramic, porcelain, natural stone, and grout

## Installation

**Packaging:** 32 oz.

**Mixing Ratio:** General Cleaning:

- Dilute 1/2 - 2 oz. to a gallon of clean water

Kitchen/Bathroom:

- Dilute 4 - 6 oz. to a gallon of clean water.
- Or, dilute 1 - 1 1/2 oz. in a qt. sized bottle

Heavy Duty:

- Use full strength for shower doors/walls
- Or, dilute 8 - 10 oz. to a gallon of clean water

## Related Products

- Scrubbing Sponge
- Tile & Grout Maintenance Kit

## Application Tips

- For kitchen and bathroom cleaning, it may be easier to create a spray bottle
- Apply liberally to the area to be cleaned.

## Steps to Apply Cleaner

- ① Mix solution in container based on cleaning surface.
- ② Apply cleaning solution liberally to the area to be cleaned. Allow to dwell for 2 - 5 minutes before agitating with scrub sponge or grout brush.
- ③ After agitating, rinse with clean water to ensure removal of surface soil.
