

SPONGES

Maintain the magnificent look of your wall or floor tile when using the proper tile tools. The Tile Shop offers a variety of sponges that help apply sealer, absorb water, remove excess grout or seal without causing any damage.

Key Features

- Applies product in even coverage, absorbs water or removes excess grout
- Easy-to-grip and use to its fullest potential
- Available in different sizes and densities specific to the job (* Pro Sponges available in 3-pack)

Types

Packaging:

Pro Sponge*

Scrubbing Sponge

Sealer Sponge

Sponge Tips

- Always choose the right sponge for the job: Grout, Scrubbing and Sealer
- Pro sponges are durable and hold/release the maximum amount of water for faster and better grout clean up
- Sealer sponges are more dense and will hold the maximum amount of sealer for a faster, even level of application
- Scrubbing sponges consist of sponge on one side and scrubbing pad on the other side.
