FLOOR WALL BACKSPLASH ACCENT SHOWER PAN EXTERIOR		10545-12	Resistant

BLEECKER SERIES

One of the most interesting advances in tile technology is how they can be made to look textured when they have smooth surfaces. With its light- or dark-brown tones, the Bleecker series has the appearance of a textured plywood or chipboard. The slight variations in color of these porcelain tiles lend interest and a woody feeling to floors or walls.

PRODUCT	DESCRIPTION	SIZE	FINISH
