### SCAVO SERIES

Give your design the look of natural stone with the Scavo Series. These porcelain tiles are designed with subtly textured finishes similar to brushed travertine that add an element of depth and dimension due to their subtly textured surfaces. With the warm tan and brown hues and cream veining of Scavo Almond and the earthy alabaster bone hues and grey veining of Scavo White, these floor tiles add long-wearing durability to an entryway, kitchen, bathroom or outdoor patio.
