CANON LASER CONSUMABLE TAKE-BACK PROGRAM

KYOSEI

Living and working together for the common good.

CANON'S OVERVIEW ON THE ENVIRONMENT

We at Canon are guided by the philosophy of *Kyosei*—living and working together for the common good. As a world-class leader in imaging technologies, we consider it our responsibility to help protect and preserve valuable environmental resources. Canon seeks to be a truly excellent global corporation. For our customers, we offer the best products possible. Simultaneously, we strive to improve our relationships with local communities and to increase our respect for the environment as we contribute to the prosperity of the world and the happiness of its people.

Our company's commitment and contribution to the environment and to the world community are an integral part of Canon's management structure, product design, manufacturing, and corporate culture. This commitment has inspired many special corporate programs at both the global and regional level.

At Canon, we believe in living and working together into the future. We're committed to bringing you advanced technologies that run your business while respecting the global environment. To learn more about other Canon environmental and community initiatives please visit:

TONER CARTRIDGE
RECYCLING PROGRAM

In 1990, Canon became the first company to launch a recycling program for its cartridges. With the cooperation of its customers, Canon has collected more than 464,000 tons around the world. The goal of this program is to achieve zero landfill waste by reusing parts, recycling materials, and employing energy recovery.

So what happens at the Toner Cartridge Recycling Center?

Let the breaking down and sorting begin! Canon's all-inone cartridges combine a photosensitive drum, charging unit, cleaner, and developing unit that can be reused. The toner cartridges are taken apart, sorted, and parts are then reused, recycled, or put through the energy recovery process. This process produces plastics, metals, and reconditioned parts that can be used in the manufacturing of new cartridges and other products. Absolutely no landfill waste is generated from the Canon Toner Cartridge!

The goal of recycling Toner Containers is to achieve zero landfill waste. Unlike Canon's all-in-one cartridges, toner containers are made mainly of plastic material, making local recycling and energy recovery possible.

So what happens at the Canon Toner Container Recycling Center?

The toner containers are collected and sorted, and put through the recycling process. This process recycles at least 75 percent of toner and plastic and produces plastic flakes that can be used in the manufacturing of new cartridges, asphalt, and other products. Absolutely no landfill waste is generated from the Canon Toner Container!

TAKING BACK CANON LASER CONSUMABLE SUPPLIES

Think Globally, Recycle Locally

When local recycling is utilized, environmental impacts associated with the transportation of cartridges/ containers are reduced. In the case that local recycling isn't an option, Canon has created alternative options for dealers and customers.

Canon's Toner Recycling Center

When local recycling or energy recovery facilities are unable to accept toner supplies, Canon GENUINE toner containers, cartridges, and waste toner containers can be shipped to the Toner Container Recycling Center by dealers or customers.

Canon Toner Recycling Center

5980 Industrial Drive Gloucester, VA 23061

Canon's Toner Recycling Center-Bulk Ship

When bulk orders are collected, customers can ship all toner cartridges/bottles and waste toner containers to the Canon Toner Recycling Center using a pre-paid shipping label*. To generate the pre-paid shipping label, please visit: http://www.usa.canon.com/tonercartridge_recycling.

Bundle multiple Canon Brand consumable boxes together securely with tape.

Use your own large box to send bulk shipments for Canon Brand consumables.

When using the Bundled Box or Volume Box Take-Back options, please be sure the shipment does not exceed UPS specifications:

- Maximum weight is 70 pounds.
- Maximum length is 108 inches.
- Maximum girth is 130 inches (length + 2x width + 2x height).

Shipping Labels*

Shipping labels for the Canon Laser Consumable Take-Back Program can be generated on the Canon U.S.A. website. To help conserve resources and reduce energy during transportation, Canon asks its customers to take-back more than one item in a box per shipping label. To generate a shipping label, please visit: http://www.usa.canon.com/tonercartridge_recycling or call 1800-0K-CANON.

*Pre-paid labels can be used ONLY for acceptable Canon GENUINE brand cartridges/bottles and waste toner containers in the United States. For shipping details and restrictions, please visit the Canon U.S.A. website http://www.usa.canon.com/tonercartridge_recycling.
