preferences

# STREAMLINE JOB WORKFLOW

PRISMA Go Suite provides an easy-to-use, powerful production job onboarding pathway in the cloud that delivers practical benefits to print providers looking to bring efficiency to receiving and managing jobs.

With tightening deadlines, increasing job volume, and snowballing demands from customers, this suite can help you to improve customer communication, while getting completed, finished jobs back in their hands quickly and efficiently.

- Help retain and attract customers and offer fast turnaround for an increasing variety of print jobs.
- Help produce short print runs quickly by getting jobs to press efficiently.
- Simple, effective, and secure job submission tool, without having to invest in complex software.

## PRISMAsubmit Go

PRISMAsubmit Go is a simple way to receive and preflight jobs via a customer portal and manage your print buyers in the cloud. Easily accessible via PRISMA Home, this portal provides print buyers direct, easy-to-use job submission and work-in-process tracking that requires no specialized training or ongoing maintenance and limited IT provision. PRISMAsubmit Go can offer print providers added speed and efficiency of receiving customer jobs, fast-checking their print readiness, selecting available press resources, applying basic press preflight settings, and submitting the job to production.

## PRISMAprepare Go

Accessible via PRISMA Home, PRISMAprepare Go is an application that allows operators to view their submitted jobs and, before submission to their desired press, perform necessary preflight, prepress, and imposition modifications from an intuitive interface in a web browser. With Job Editor, operators have access to real-time job settings using the PRISMAsync Media Catalog, imposition templates, and color settings. With the composition functionality, operators can accelerate complex job make-ready tasks. And with a common look and feel to PRISMAsync Print Server, the intuitive interface edits can take place quickly.<sup>1</sup>

<sup>1</sup> Advance imposition and composition are available as paid subscriptions.

# EASY JOB ON-BOARDING IN THE CLOUD

RECEIVE

1

## The PRISMA Go Suite is a simple way to transition your production workflow to the cloud.

It provides print buyers with an easy-to-use job submission and work-in-progress tracking method that requires minimal training.

Print providers can get added speed and efficiency when receiving customer jobs, checking for print readiness, selecting available press resources, applying basic press settings, and submitting jobs to production.

Offer customers an easy way to submit jobs, track progress, and review purchase histories. Benefit from an orderly system that enables you to receive work, preflight incoming jobs, and ensure their readiness for production.

- ✓ Create a job onboarding portal quickly. Add a background, logo, and contact details, and you're ready to receive jobs from your customers.
- ✓ Onboard your customer's jobs, or invite them to send their files via email using a convenient and customized hyperlink.<sup>2</sup>
- ✓ Work in a structured method, providing customers the ability to track the status of their jobs.
- ✓ Automated preflight of PDF files at intake.

<sup>2</sup>Unlimited intake and generic URL is available as a paid subscription.

## PREPARE

2

Help streamline the preparation of various incoming jobs, including documents with stapling, hole-punching, folding, and booklet or multi-up imposition, all with an intuitive previews.

- ✓ Verify page output formatting adjustments visually as they're made. Real "What You See Is What You Get" (WYSIWYG) document and sheet previews help minimize costly mistakes.
- ✓ Get real-time job settings using the PRISMAsync Media Catalog, imposition templates, and color settings.

## GO

3

Obtain real-time access to your supported networked production presses. With a mindset focused on growth, it can provide a beneficial first step in streamlining and organizing your production workflow.

- ✓ Prepare your jobs based on the available finishing devices in your fleet.
- ✓ Send jobs directly to DocBoxes for easy reprints and quick, last-minute edits.
- ✓ Utilize PRISMAsync Automated Workflows for high efficiency.
- ✓ Using a single web browser, you can easily switch between PRISMA Go Suite and PRISMAremote Manager for additional job prepress and management.

# JOB SUBMISSION SOLUTION FOR PRINT OPERATIONS

## YOUR HOME IN THE CLOUD

The PRISMA Go Suite can help you to easily transition your production workflow to the cloud—and it's available on PRISMA Home. PRISMA Home is the portal at the heart of PRISMA cloud solutions. It provides reliable, unified access to all your supported PRISMA cloud-based applications and tools.

- One single log-in point.
- Configure and manage users and subscriptions centrally.
- Deploy, configure, and manage your PRISMA cloud application and tools.
- Store and back up jobs and data with confidence in PRISMA cloud storage.
- Available anywhere, anytime from your smartphone, laptop, or other suitable device, with limited IT effort.
- Easy to use and access.

## ENHANCED CUSTOMER CONNECTION

From job submission to job processing and production, PRISMAsubmit Go and PRISMAprepare Go users can now offer customers a fast, easy, and secure way to submit their print files and order instructions.

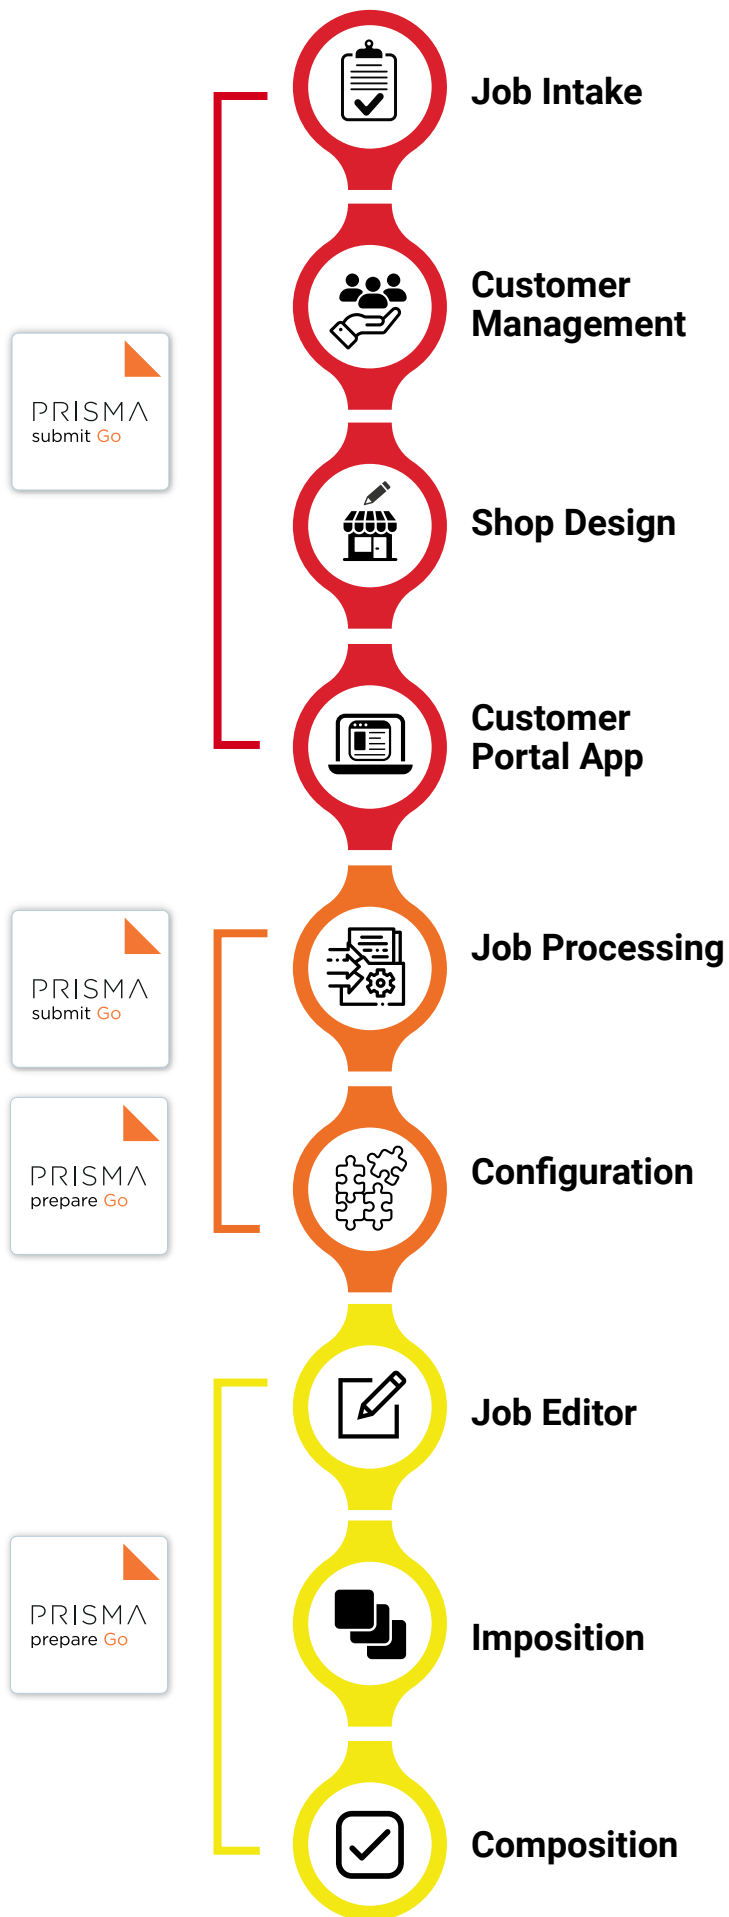

## PREFLIGHT CHECK

With basic automated preflighting of incoming PDF files, PRISMA Go Suite alerts the print shop if any issues have been detected, allowing them to either accept the order or advise the customer if changes are needed.

## INTUITIVE JOB PREPARATION

The user friendly job editor workspace with the "What You See Is What You Get" (WYSIWYG) previews can help you minimize mistakes, reduce costly misprints, and save valuable time.
