HPSTRSOL

Heavyweight Poster Paper Display Media

PRODUCT DESCRIPTION

HPSTRSOL is a heavyweight latex saturated paper that is designed to be used for indoor POP displays, wall decor, and hanging signage. This 10 mil thick paper is water resistant and can be used for short-term outdoor poster applications. It has a Class A Flame Rating and is compatible with UVgel, UV-curable, and Latex printers. This product is also the Arizona calibration material.

- Posters
- Wall decor
- Hanging Signage

Printer/Ink Compatibility

HPSTRSOL is recommended for use with UVgel, UV-Curable, and Latex printers including: Arizona UV, Vutek UV, HP UV, and Latex printers.

Finishing Recommendations

Wait 24 hours after printing to apply an overlaminating film. For best results, use a heat-activated overlaminating film.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for the specific purpose.

Color Profiles

Arizona UV users can choose the HPSTRSOL profile. Colorado users can find the profiles in Onyx.

HPSTRSOL

UV, UVgel, Latex and eco-solvent display graphics media
