

## HEALTHCARE IT CAN'T FAIL.

Neither should your Managed IT Services provider.

### AT HIMSS, INNOVATION LEADS. IN YOUR ENVIRONMENT, RELIABILITY WINS.

- **Cyber threats are escalating.**
- **Compliance demands are tightening.**
- **Clinical systems must perform – 24/7/365.**

*Our Managed IT Services partner, Supra ITS, delivers secure, healthcare-focused IT solutions designed to protect patient data, minimize downtime, and strengthen operational resilience.*

### WHAT HEALTHCARE ORGANIZATIONS NEED NOW

- ✓ **24/7/365 IT & Help Desk Support**  
Because patient care doesn't pause.
- ✓ **Managed Cybersecurity (MDR/XDR)**  
Advanced threat detection and response to protect PHI and reduce ransomware risk.
- ✓ **Infrastructure Monitoring & Optimization**  
Proactive server, storage, and network management to prevent disruption before it happens.
- ✓ **HIPAA & Regulatory Support**  
Backed by ISO 27001 and SOC 2 aligned frameworks to help simplify compliance efforts.
- ✓ **Cloud Management (Azure, AWS, Google Cloud)**  
Secure, monitored, cost-controlled cloud environments.
- ✓ **Data Backup & Disaster Recovery**  
Tested recovery strategies that keep operations running when it matters most.

### WHY CANON FOR MANAGED IT?

- ✓ **One Partner. Total Accountability.**  
Unified Managed IT + Cybersecurity through Canon's Network Security Operations Center (NSOC).
- ✓ **Reduce Vendor Fatigue**  
Consolidate office technology and IT services with a trusted enterprise provider.
- ✓ **Healthcare-Ready Security**  
Enterprise-grade protection without enterprise-level complexity.

### FOR HIMSS ATTENDEES WHO NEED TO DELIVER RESULTS

- ✓ **CIOs. CTOs. Security Leaders. Compliance Officers...  
Healthcare IT Decision Makers.**

## SEE IT. SECURE IT. SIMPLIFY IT.

Let's talk at HIMSS about reducing IT burden, strengthening cybersecurity posture, and modernizing infrastructure – without adding complexity.
