

AUTHORIZED SEND TO ETHERFAX

The Authorized Send (A-Send) solution is a MEAP application developed by Canon U.S.A. to help address the evolving needs of businesses. It provides users with a simple, customizable platform that can expand with additional features and functionality as organizational requirements grow.

The ability to integrate with ETHERFAX is available within the following Authorized Send license types and can be installed on supported imageRUNNER ADVANCE DX, MEAP-enabled imageFORCE,¹ and imagePRESS Lite models:

- Authorized Send
- Authorized Send to Fax
- Authorized Send to ETHERFAX™

The ability to integrate with ETHERFAX can provide Authorized Send customers with a streamlined, customizable platform to send, receive, and print faxes directly through the ETHERFAX service,^{2,3} offering a modern, efficient alternative to traditional faxing methods. ETHERFAX subscription must be purchased separately.³
