

Canon

**AWARD-WINNING
SOLUTIONS
AND SERVICES**

Canon's commitment to delivering outstanding imaging solutions and excellent services to its customers is reflected in the awards and recognition received.

APRIL 2026

CANON DELIVERS OUTSTANDING TECHNOLOGIES ACROSS MANY MARKETS

Canon U.S.A. receives numerous awards and recognition from top industry analysts and holds leadership positions in key segments of the workplace imaging market. When choosing Canon, you can feel confident that you're working with a company that delivers outstanding technologies across a range of markets.

As a leader in advanced digital imaging, Canon offers its customers a comprehensive lineup of solutions. Whether it's software to help streamline workflows or imaging devices for small offices, large enterprises, or high-volume production environments, Canon has a solution to suit virtually every need, application, and budget.

A3 Enterprise Product Awards

Keypoint Intelligence— 2026 A3 Line of the Year Award

Canon continues to reinforce its position as an industry leader with the prestigious 2026 Keypoint Intelligence A3 Line of the Year Award. This recognition validates Canon's ongoing commitment to delivering reliable, easily adaptable A3 multifunction systems that help enhance and streamline today's dynamic workplace workflows.

The 2026 A3 Line of the Year Award honors multifunction printers that demonstrated superior performance across the entire A3 line during Keypoint Intelligence's rigorous testing. Analysts highlighted Canon's devices for consistently delivering exceptional image quality, including crisp text, fine lines, and bold and uniform solids. The lineup also stood out for its intuitive ease of use and robust security features, designed to help protect sensitive information and reduce the risk of unauthorized access to both the device and the network.

These results echo the praise of Keypoint Intelligence experts. "Canon's A3 portfolio continues to impress across generations, with the latest devices delivering the robust performance we have come to expect from Canon," noted Pete Emory, director of NA/APAC Research & Lab Services. Rachel Dean, technical editor at Keypoint Intelligence, reinforced this by pointing to the consistency and value of Canon's A3 lineup as a key strength for modern hybrid workplaces.

Canon's broader A3 portfolio has been repeatedly acknowledged for strong image quality, robust features, advanced security capabilities, and exceptional usability. These strengths support Canon's unified approach to hardware and software designed to help organizations advance their digital workplace transformation while meeting the modern demands for flexibility, customization, and convenience.

In addition to the Line of the Year award, three Canon A3 models, the imageFORCE 6170, imageFORCE C5140, and imageFORCE C5150—were each recognized with 2026 Pick Awards. These award-winning devices demonstrated exceptional image quality and outstanding performance, delivering faster than average job streams and first print out times, along with strong long run and short run print speed results.

Keypoint Intelligence—
 2023 A4 Line of the Year Award
 2024-2026 A4 Color Consistency Award
 2026 A4 Pick Award

Committed to developing solutions designed to meet customer needs, Canon's A4 solutions are built with features to help users as they navigate through the hybrid work environment.

Canon has received 2026 A4 Pick Awards for the imageCLASS X LBP1538C II, imageCLASS X MF1538C II, imageFORCE C1333P, and imageFORCE C1333F printers. These devices were specifically recognized for their impressive image quality, characterized by crisp text, fine lines, and a distinct halftone range.

The Most Color Consistent A4 Brand Award speaks to the strong image quality of the line. According to Keypoint Intelligence, "Canon's A4 hardware achieved superior color consistency versus competitor devices."

Whether in the office or at home, users can rely on Canon's devices to deliver top-notch, repeatable color documents."

Additionally, the robust administrative features and security capabilities of Canon's MFPs contributed to earning the 2023 A4 Line of the Year award.

"Canon's Pick Award-winning A4 roster will exceed the needs of virtually all home, hybrid and office environments—whether color or monochrome, single function or multifunction," said Rachel Dean, Technical Editor at Keypoint Intelligence's Office Group. "Canon has the hardware to give people what they need, when they want it, all to make doing work easier."

Keypoint Intelligence—Buyers Lab Pacesetter Awards

Canon U.S.A., Inc. has been honored with the prestigious BLI Pacesetter award in the categories of Document Imaging Security, Mobile Print, Education, Financial Services,

and Healthcare – Hospital Networks from the analysis at Keypoint Intelligence – Buyers Lab (BLI).

Serviceability 2024-2025

- Recognized for holistic approach and strategy to help enhance the serviceability of devices
- Forward-facing service offering that empowers people and organizations to stay productive
- Continuous investment in technology and processes to help resolve incidents remotely, to improve customer service experience, as well as lower costs of services
- Hardware design focused on platform commonality, leading to stronger service and significant reduction in repair time

Wide Format Sustainability: Product Innovation 2024-2025

- PlotWave printers, through Radiant Fusing technology, help to reduce energy consumption and have earned the U.S. Department of Energy's ENERGY STAR designation
- The ColorWave lineup uses Crystal Point technology, which produces no ozone emissions
- The Arizona flatbed printers are equipped with UV-LED curing to help reduce energy use by approximately 15 percent over UV-halide lamp curing
- Colorado roll-to-roll printers use UVgel ink technology that results in odorless, Hazardous Air Pollutants (HAPs)-free emission that helps to reduce ink consumption by up to 40 percent

Print Applications: Color Embellishments Large Format 2023-2024

- Highlights Canon's Radiant Infusion technology as a transformative innovation
- Strategic layering of fluorescent pink ink with other colors produces fresh, brilliant hues that elevate the visual appeal and luminosity of graphics and posters
- Provides a broad color gamut and the ability to achieve dazzling digital printing effects cost-effectively and without the need for additional equipment

[A](#) [C](#) **Healthcare – Visionary Leader 2021–2022**

- Strong portfolio to satisfy needs across healthcare organizations of all types
- Portfolio of workflow, print management, and information management solutions and services
- Marketing leadership to back up its technology portfolio

Ease of Use: Enterprise Devices 2020–2021

- Recognized for intuitive drivers that offer an entire tab for customization plus the creation of presets to streamline job programming
- Easy-to-use control panel, with smartphone-like navigation and support for personal and shared customization
- Robust USB print and scan capabilities
- Outstanding user intervention capabilities
- Simple job management helps enterprises work more efficiently

[A](#) [C](#) **MFP Accessibility 2019–2020**

- Recognized for the imageRUNNER ADVANCE Series’ expansive set of features and functions for enhancing accessibility
- Easy-to-access Voluntary Product Accessibility Template (VPAT) for its hardware and software solutions
- Universal Design Guide, an educational resource that outlines the accessibility features of the imageRUNNER ADVANCE product line

Education – Higher Education 2024-2025

- Outstanding portfolio of print devices
- Hardware offerings that go beyond traditional document imaging to satisfy campus and educational needs
- Higher Education Advisory Team research
- Library of marketing and educational content
- Wide-ranging facilities management services educational content

Other Awards and Recognitions

USA TODAY America's Best Customer Service 2025

For its dedication to consistently providing customers with high levels of support, Canon U.S.A. was recognized by USA Today and Plant-A Insights Group as one of the best customer service providers in the country. More than 67,000 customers offered insights to USA TODAY across seven key categories of customer service treatment, including friendliness and appreciation of customers; professional competence; customer service; availability and accessibility; solution speed; solution orientation; and transparency and reliability. Earning 4 ½ out of 5 stars, Canon U.S.A. stands out for its excellence in areas like professionalism, accessibility, responsiveness, and reliability.

BenchmarkPortal Awards 2025 Center of Excellence

The Canon U.S.A., Inc. Technical Support Center has earned the “Center of Excellence” certification from BenchmarkPortal for **17 consecutive years**. Contact centers achieved the Center of Excellence distinction based on best-practice metrics drawn from the world’s largest database of objective and quantitative data that’s audited and validated by researchers from BenchmarkPortal.

To achieve certification as a Center of Excellence, a company must undergo a rigorous benchmarking process, which compares the organization’s operational metrics to those of its peers using the world’s largest database of contact center metrics. During this process, BenchmarkPortal experts audit and verify key data from the contact center applying for certification.

U.S. EPA ENERGY STAR® Program 2024 Partner of the Year— Sustained Excellence Award

Canon U.S.A., Inc. is a proud recipient of the United States Environmental Protection Agency’s 2024 ENERGY STAR® Partner of the Year—Sustained Excellence Award! This award is bestowed upon companies that demonstrated continued leadership in energy efficiency and commitment to the ENERGY STAR® program. Canon has been recognized for the ninth consecutive year for its outstanding contribution to the reduction of greenhouse gas emissions by manufacturing energy-efficient products and educating consumers about energy efficiency.

EPEAT Certification

Canon has registered multiple imaging equipment products to EPEAT (Electronic Product Environmental Assessment Tool). As of December 2025, 252 products are listed on the EPEAT registry. These products include certain office MFDs, inkjet printers, large-format inkjet printers, scanners and production printers.

Homeland Security Awards “ASTORS” Platinum and Silver Awards

Canon U.S.A, Inc. was named by American Security Today (AST) as a winner of two of its 2021 “ASTORS” Homeland Security Awards. These awards recognize mxHERO + Canon imageRUNNER ADVANCE MFP as a Platinum Award Winner for “Best Email Security Solution,” and Canon’s imageRUNNER ADVANCE DX Series + uniFLOW Online + Print via Cloud as a Silver Award Winner for “Best Access Control & Authentication System” – both two years in a row!

“Today, the United States is increasingly focusing on protecting public spaces, as well as IT/cyber security networks, and they are calling on innovative companies like Canon U.S.A., Inc., to help them do so,” said Tammy Waitt, co-founder and editorial director, American Security Today. “ASTORS’ nominations are evaluated on their technical innovation, interoperability, specific impact within the category, overall impact to the industry, relatability to other industry technologies, and application feasibility outside of the industry.”

Canon was Named a LEADER In IDC MarketScape: **Worldwide High-Speed Inkjet Press 2022-2023 Vendor Assessment**

This positioning shows Canon's dedication to providing premium technology, service, and support to offer the best experience possible. According to IDC, "In 2020 and 2021, Canon launched three new inkjet presses: the varioPRINT iX sheetfed inkjet press and the ProStream 1800 and ColorStream 8000 web-fed inkjet presses. The launch of these new products has driven dynamic new unit installations and page volume growth in general commercial print, high value direct mail, and photo specialty print over the last several years."
