

# Cloud Connector

imageRUNNER  
ADVANCE DX

imagePRESS Lite

**CLOUD  
CONNECTOR**  
A Convenient  
Connection in  
the Cloud

## Pair Supported Canon MFPs to Select Cloud Services for Virtually Seamless Print and Scan Capabilities

Connecting to cloud services in the workplace is often a major contributor to overall efficiency. Cloud Connector from Canon is an easy-to-use application that connects imageRUNNER ADVANCE DX, imagePRESS Lite, and supported imagePRESS models<sup>1</sup> with select cloud services<sup>2</sup>, allowing users to expand their print and scan capabilities without the need for additional backend system configuration. This convenient solution includes simple setup and activation steps, and an uncomplicated, do-it-yourself user registration process.

### There are Cloud Connector options that enable users to easily:

Connect to select cloud services

Scan and upload directly  
to cloud storage

Print from the cloud  
at the device

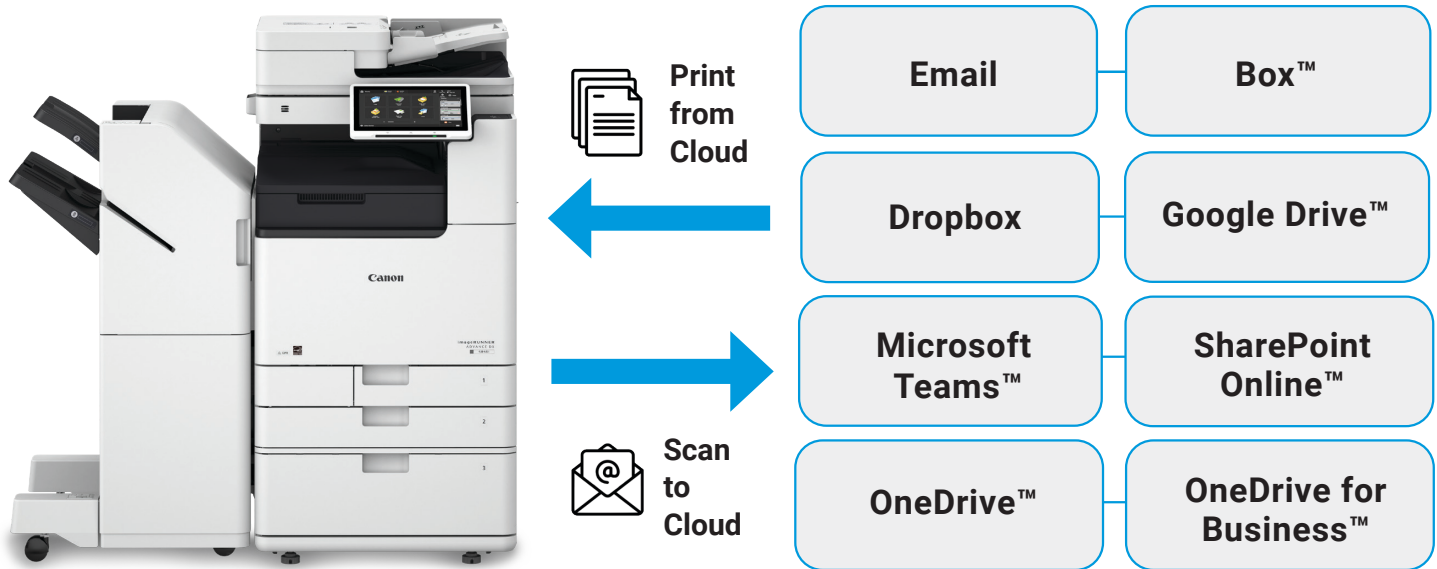

Scan to email without  
admin set up

Print from email without  
use of print drivers

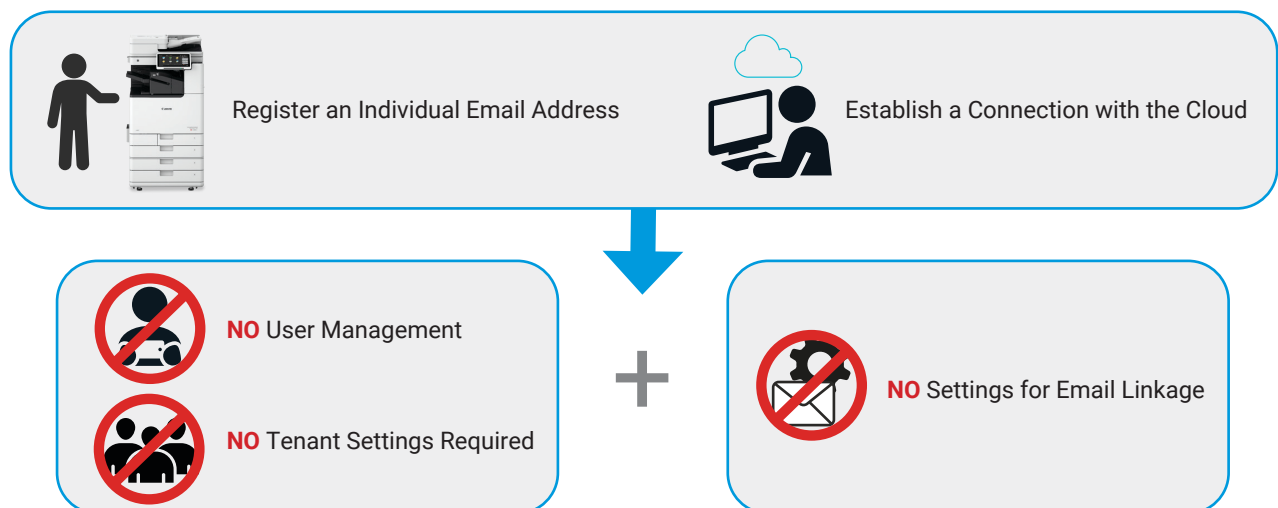

## Connect Your Canon MFP to These Cloud Services with Cloud Connector

**Note:** One 3-year or 5-year term license required per destination per device. Each term license sold separately.

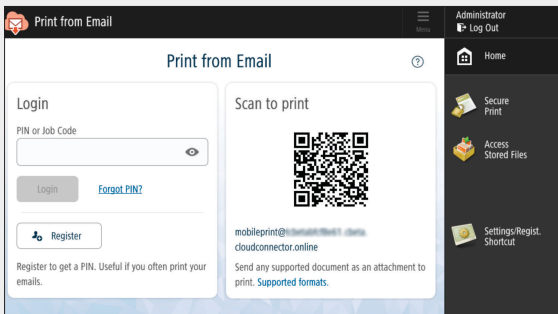

## Cloud Connector Supports Users with an Independent Installation and Configuration Process

Once activated, users can single-handedly register for Cloud Connector without additional assistance from a Systems Engineer or Administrator.

# Experience Cloud Connector at Work

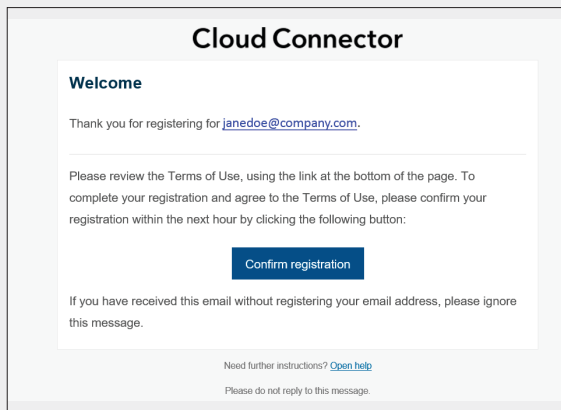

## Simple User Registration Steps

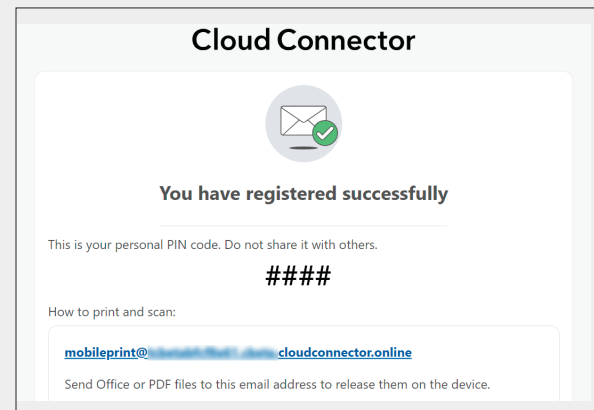

Select Register Button

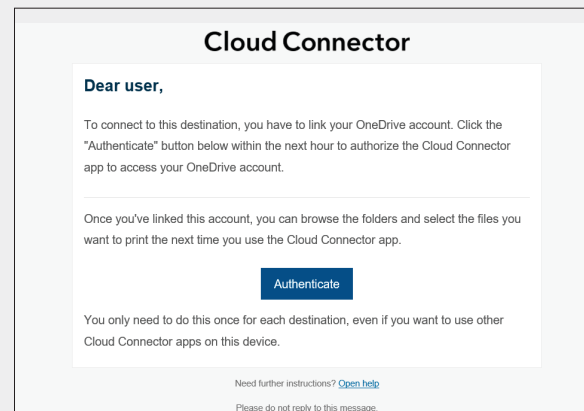

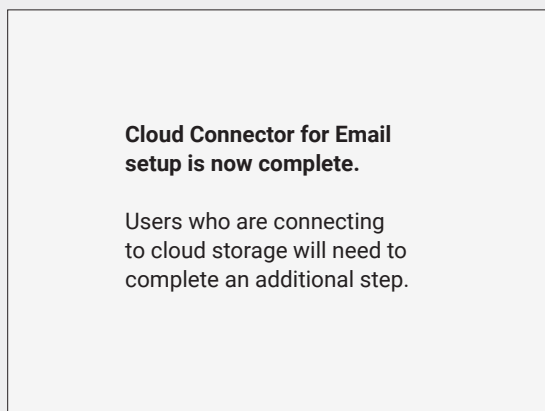

Enter Individual Email Address

Select Confirm Registration on Email Received

An Automatically Generated Pin Will Be Sent

Authenticate to Cloud Service

**Note:** If you do not log in to Cloud Connector within 30 days, you will need to re-register with the device.
