

Large Format Specialty Print Media

Photo Paper Pro Luster, 260gsm

The Photo Paper Pro Luster media is a semi-glossy paper with a coating that provides a calm texture. Fast drying, this paper helps to increase productivity while its resistance to the effects of lighting makes it perfect for exhibition and galleries

Canon Photo/Glossy Papers

High-end photography and portraits demand excellent photographic paper, and Canon offers a wide variety to meet virtually every printing need. Accurate clear reproduction of digital images is a breeze with Canon photographic and glossy media options.

Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications

- Commercial Photography
- POS signage
- Graphic Art Reproduction
- Desktop publishing
- Printing digital, scanned or CD images
- Posters
