## HOME OFFICE PRINT AS A SERVICE

Tools to help increase efficiency and productivity

## High Productivity • Predictable Costs • Ease of Ordering • Fewer IT Headaches

Do you have remote or hybrid employees struggling with limited office technology in their home workspace? Are you facing challenges with budget constraints, security, and maintaining consistency across a dispersed workforce? Canon's print subscription solutions offer feature-rich capabilities that deliver an on-premise-like experience, helping to boost productivity while keeping costs under control.

### Print Subscriptions Include:

The Canon MegaTank GX7120X Inkjet All-in-One Printer.

Designed to meet the needs of remote workers and work environments where cost is a primary consideration, the MegaTank GX7120X Inkjet All-in-One Printer delivers business-quality printing for generally lower-volume usage.

Users will enjoy the ease of setup as well as productivity enhancing features such as the auto document feed for scanning, copying, faxing, and printing on a variety of media types and sizes, including labels, envelopes, and banners.

Genuine Canon GL-26 Pigment Ink Bottles are designed specifically for select Canon MegaTank printers. Pigment ink is used to create sharp, crisp color documents. GL-26 bottles are easy to use, with a no-squeeze bottle design and a specialized Keyed Nozzle shape to only fit and fill the correct ink tank.

Your subscription includes three-year support from Canon's award-winning, 100% U.S.-based Customer Service team.

This support provides expert assistance for every level of experience—providing you with the peace of mind and value your business deserves. If the equipment cannot be repaired remotely, Canon will swap with a like-for-like device.<sup>1</sup>

## All for One Low Monthly Price

A product and program developed to support your key initiatives

### USABILITY

Easy to set up and maintain. Intuitive and easy-to-use 2.7" LCD touchscreen. Superior versatility thanks to a 50-sheet Auto Document Feeder for scanning and copying.

### WORKFLOW EFFICIENCY

Supports mobile solutions for printing and scanning. Print on a variety of media types and sizes, including labels, envelopes, and banners.

### SUSTAINABILITY

Meets or exceeds ENERGY STAR standard. Stay waste-conscious; with high page yield ink bottles, keep waste and time spent refilling ink to a minimum. Multiple settings can be used to help save paper and energy.

### SECURITY

Helps mitigate risk of confidential information loss as documents are only stored in short-term memory. Security settings can be set behind an administrator log-in.

## Maximize the value of your MegaTank GX7120X device with uniFLOW Online

Adding uniFLOW Online Cloud Link Print Connection to your uniFLOW Online subscriptions<sup>2</sup> allows remote workers to seamlessly print and scan documents from their home office, using their MegaTank GX7120X inkjet printers.

Organizations and administrators can benefit from detailed reporting<sup>3</sup>, identify potential cost savings with comprehensive tracking and management, and release their print jobs using uniFLOW Online's access control features<sup>4</sup>, which can now extend to MegaTank GX7120X devices at home.<sup>2</sup>

The end result—a print and scan infrastructure that's flexible and built for the future of hybrid work.

- Remote workers can print and scan from home, while using security levels set by their organization.
- Remote workers can manage their print job statuses from home.
- Organizations can centralize print usage and related costs for compatible in-office multifunction printers (MFPs) and in-office/at-home MegaTank GX7120X inkjet devices.
