BASELINE SECURITY ASSESSMENT

Setting your compass for the right way forward

Charting a Course for Success

Ideal for organizations with ten to 500 employees, the Baseline Security Assessment evaluates your security posture and provides you with a detailed assessment report.

Why Choose Managed Security Services From Canon?

- **Meet You Wherever You Are:** You cannot manage what you cannot see. Whether starting your cybersecurity journey or refining existing controls, we provide full visibility into your environment.
- **Expert vCISO Guidance:** Collaborate with Virtual Chief Information Security Officer (vCISO) professionals and Certified Ethical Hackers (CEH) to assess risks, improve compliance, and build a resilient security strategy.
- **Proactive Defense:** Perform internal and external penetration (PEN) testing to reveal and permanently seal critical security gaps.

Key Benefits & Highlights

- **Risk Identification:** Uncover key risks and discovered vulnerabilities across your infrastructure.
- **Actionable Recommendations:** Includes an external vulnerability scan, comprehensive risk questionnaire, and strategic consultation with a vCISO.
