

SETTING YOUR COMPASS FOR THE RIGHT WAY FORWARD

Baseline Security Assessment

BASELINE SECURITY ASSESSMENT

Are you confident your current security posture is serving you well?
Are you just beginning your cybersecurity journey?

At Canon, we meet you wherever you are. You cannot manage what you cannot see, and without a clear map, effective control is nearly impossible. So let our Managed Security team give you the lay of the land with our Baseline Security Assessment.

Charting a Course for Success

Ideal for organizations with ten to 500 employees, the Baseline Security Assessment evaluates your security posture and provides you with a detailed assessment report.

Highlights

- Key risks
- Discovered vulnerabilities

Provides actionable recommendations

- External vulnerability scan
- Risk questionnaire
- Valuable consultation with a virtual Chief Information Security Officer (vCISO)

Wherever you are in your security journey, let us help you navigate the right way forward with our Baseline Security Assessment.
