

COMPACT, EASY-TO-USE, AND HIGH-QUALITY DOCUMENT SCANNING

The Canon imageFORMULA® DR-C225 II Document Scanner's innovative, upright, space-saving design frees up desk space. Its flexibility and high image quality are only surpassed by its ease of use, making it ideal for converting paper-based documents to digital files. The scanner comes backed with a three-year limited warranty.

WIDE RANGE OF USES

In corporate or remote offices, this scanner is well-suited for use by individuals or small workgroups to modernize paper-based processes, helping to increase efficiency and productivity. A variety of document types and sizes can be scanned and digitized, creating keyword searchable files. Legal, financial, healthcare industries, and the government sector can all benefit from the space-saving design and ease of use. When combined with the Canon CaptureOnTouch bundled software, documents can be scanned directly to cloud applications.

EASY USE

The scanner features intuitive, front-side-forward, top-up item feeding. A single click allows for the adjustment of multiple features to easily create an optimal scanned image. Windows® and Mac® drivers are included for easy integration with third-party scanning software. The bundled Canon CaptureOnTouch software enables users to configure routine scan jobs for quick and easy one-touch access. It can also save scanned images directly to cloud applications, such as GoogleDrive™, Microsoft® SharePoint®, Dropbox, and more.

STYLISH AND SPACE-SAVING DESIGN

The U-turn path space-saving design is ideal for environments where space is at a premium. Top-feeding and default top-eject, along with a cable management system, help to keep the working footprint to a minimum.

FLEXIBILITY

Scanning at up to 25 ppm,* both sides of an item at the same time, the DR-C225 II scanner can reliably handle a wide variety of document types, such as thick or thin documents and plastic or embossed cards. Long documents up to 118" in length or oversized documents up to 11" x 17" can easily be scanned. Double-feed detection helps to ensure that no data is lost. Files can be saved as PDF, PDF/A, JPEG, TIFF, PPTX, BMP, or PNG to integrate with many different software programs.

HIGH IMAGE QUALITY

For maximum image quality, this scanner includes features to help improve character legibility as well as straighten and remove shadows from scanned images. Another setting is useful for scanning mixed batches of documents and photographs, automatically adjusting the output resolution to help improve image quality while reducing image file size. This scanner can even detect color documents automatically, helping to reduce batch preparation time.

ENVIRONMENT IN MIND

The DR-C225 II scanner is EPEAT silver and is ENERGY STAR® certified. It also complies with the ErP Lot 6 directive for energy consumption and the EU RoHS and WEEE directives for the reduction of hazardous substances and waste products.**

CUSTOMER CARE

For investment protection, eCarePAK options are available to extend service beyond the initial three-year advanced exchange warranty period. This helps save on costs associated with post-purchase maintenance and helps maximize uptime throughout the product life.

SPECIFICATIONS

Type:	Office Document Scanner		Power Consumption:	12.7 W or Less (Energy Saving Mode: 1.7 W or Less)	
Document Feeding:	Automatic or Manual		Suggested Daily Volume:	Approx. 1,500 Scans***	
Document Size (U-Turn Path)			Supported Microsoft Windows OS:	Windows® 7/8/8.1/10 Service Pack 1 or later (32-bit/64-bit) or later, Windows® Server 2008 R2 2012/R2 2016 Service Pack 1 or later	
Width:	2.0" – 8.5"				
Length:	2.12" – 14.0"		Supported MAC OS:	10.11, 10.12, 10.13	
Document Size (Straight Path)					
Width:	2.0" – 8.5"		Bundled Windows Software:	ISIS/TWAIN Driver; Canon CaptureOnTouch	
Length:	2.12" – 14.0"				
Long Document Mode	Up to 118.1"		Downloadable Windows Software:	Nuance eCopy PDF Pro Office, Cardiris	
Folio Mode	Up to 11" x 17"				
Document Weight:			Bundled MAC Software:	TWAIN Driver; Canon CaptureOnTouch	
U-Turn Path:	14 – 34 lb. Bond				
Straight Path:	11 – 58 lb. Bond		Downloadable Mac Software:	Cardiris	
Feeder Capacity:	Up to 30 Sheets				
Grayscale:	8-bit		Options:	Exchange Roller Kit, Flatbed Scanner Unit 102, Flatbed Scanner Unit 201, eCarePAK Extended Service	
Color:	24-bit				
Scanning Element:	One-Line Contact Image Sensor (CMOS)		Other Features:	Automatic Color Detection, Automatic Page Size Detection, Automatic Resolution Setting, Background Smoothing, Character Emphasis, Color Dropout/Red Color Enhance, Deskew, Duplex, Edge Emphasis, Face-Up Feeding, Folio Mode, Image Rotation, Long Document Mode, Moiré Reduction, MultiStream, Pre-Scan, Prevent Bleed-Through/Remove Background, Shadow Cropping/Removal, Simplex, Skip Blank Page, Text Enhancement, Text Orientation Recognition, Three-Dimensional Color Correction, Ultrasonic Double-Feed Detection, User Preferences	
Light Source:	RGB LED				
Scanning Modes:	Color, Grayscale, Black-and-white				
Color Dropout:	RGB				
Optical Resolution:	Up to 600 dpi				
Output Resolution:	100/150/200/240/300/400/600 dpi				
Max. Scanning Speeds*					
BW/Grayscale /Color	Simplex Up to 25 ppm	Duplex Up to 50 ipm			
Interface:	USB 2.0				
Dimensions (H x W x D):	8.7" x 11.8" x 6.1" (with trays closed)				
Weight:	5.95 lb.				

* Examples based on typical settings, rated in pages/images per minute with letter-sized documents, portrait-feeding direction, up to 200 dpi. Actual processing speeds may vary based on PC performance and application.

** The facts and product statistics about ErP Lot 6, EU RoHS, and WEEE were obtained from Canon Electronics Inc. as of 2018.

*** Calculations based on scanning speed and assumed daily time of use.
