imageFORMULA R40II OFFICE DOCUMENT SCANNER

Improve Productivity And Organization

The Canon imageFORMULA R40II office document scanner is simple to set up and easy to use. It is designed to help you increase productivity and organization at home or in the office. The R40II offers a compact body style and features a foldable paper feed tray to help optimize your desk space. It quickly converts many types of paper documents into searchable digital files.

Easy To Use

The R40II scanner is great for desktop use and easy to install using the included USB-C cable that plugs right into your computer. Get up and running quickly and start scanning your documents using single button operation. The R40II scanner can scan up to 45 ppm², both sides of a document in a single pass, in color or black-and-white. Capable of holding up to 60 sheets, it can handle a variety of document types including receipts, contracts, photos, business cards and more.

Transform Documents Into Organized Digital Assets

The imageFORMULA R40II office document scanner is compatible with both Windows® and Mac® operating systems. Bundled with Canon CaptureOnTouch software, users can pre-configure scan tasks and choose from a wide selection of file distribution options. With CaptureOnTouch, scanned documents can be sent to select third-party cloud applications³ such as Microsoft® SharePoint®, Dropbox™, Google Drive™, and OneDrive.

Customer Care

For investment protection, eCarePAK options are available to extend service beyond the initial one-year advanced exchange warranty period. This helps save on costs associated with post-purchase maintenance and helps maximize uptime throughout the product life.
