Climate change is undeniable. And
reversible. Our mission is to prove it.
**Join the #ClimateTakeBack and
help create a climate fit for life.**

# GET CONNECTED

## WITH FLOORING FOR EVERY SPACE

Choosing the right flooring shouldn't be a challenge, so we're making it easy to find just what you need. Our integrated system of carpet tile, LVT and nora® rubber offers the best of hard and soft surfaces working together as a system to create areas for collaboration or individual work. We've even noted which products are QuickShip to easily identify the best options for quick turnaround projects. Plus, specifying Interface is easy—just look for us on the **GSA** Schedule #GS03F056AA and online via interface.ecomedes.com and interface.com.

# MEETING FEDERAL PURCHASING REQUIREMENTS
## IS ONLY THE BEGINNING
**INTERFACE—THE FLOORING PARTNER THAT GIVES YOU MORE**

**1**

**MADE TO MEET GREEN REQUIREMENTS AND GOALS**
- USDA Certified Biobased carpet tile with CQuest™GB, CQuest™Bio, and CQuest™BioX
- Lowest carbon footprint in carpet tile—before offsets—to help specifiers lower the carbon footprint of the spaces they create
- Buy American Act compliant
- Cradle to Cradle v3.1 Silver Certified with CQuest™Bio, and CQuest™BioX carpet tiles, and on some nora® rubber products
- NSF-140 Gold and Platinum Certified carpet tiles; NSF-332 Silver Certified LVT

**2**

**HIGH-PERFORMANCE PRODUCTS FOR ANY FACILITY**
- Flexible flooring system works to meet your existing and future needs
- USDA certified biobased content products meet the demands of heavy and severe traffic classifications
- Modular design lets you update or make replacements as needed

**3**

**DESIGN OPTIONS FOR FUNCTION WITH FLEXIBILITY**
- More than 290 available product/color combinations to customize your spaces
- Integrated flooring system helps you emphasize pathways and guide wayfinding between floors or departments
- Color can be used to easily designate work and activity areas

**INTERFACE IS A GSA SCHEDULED VENDOR WITH MANY ADDITIONAL STATE AND LOCAL CONTRACTS.**

# YOUR ORGANIZATION'S IMPACT ON THE ENVIRONMENT
# STARTS AT THE GROUND FLOOR

As a company whose mission is to reverse global warming—what we call Climate Take Back™—everything we sell is third-party verified carbon neutral across the full product life cycle through our Carbon Neutral Floors™ program.

## REDUCE WASTE THROUGH OUR RECLAMATION PROGRAMS

- Discarded carpet accounts for five billion pounds of landfill waste in the U.S. each year
- Interface's ReEntry™ Program enables reclamation of used flooring installed with releasable adhesive
- nora's Construction Waste Take-Back Program allows for the return of new waste and scrap material from installation

## CHOOSE PRODUCTS THAT CONTRIBUTE TO A HEALTHY ENVIRONMENT

- Interface carpet tile, LVT and nora rubber flooring offer increased acoustical benefits that reduce unwanted noise
- Interface flooring products are third-party certified for low VOC emissions through Green Label Plus, GREENGUARD Gold or FloorScore®, contributing to better indoor air quality

# YOUR DESIGN
# PARTNER

We make finding design solutions easier with Interface Design Studio. These expert designers know Interface products inside and out— and their services are complimentary. From concept to completion, they can work closely with you to create distinct designs that meet your vision and budget no matter how large or small the project. Plus, the to-scale floor plan layouts can project overall waste and act as an installation guide for the flooring contractor. Just contact your sales rep to get started.

# A SOFTER
## HARD SURFACE

Flooring that's so durable it can last for decades—and still look good—is a must-have for any government environment. nora rubber does just that and more.

- Works together with LVT and carpet tile for a flooring system that performs in virtually any space
- Reduces incidence of slips, trips and falls
- Ease of maintenance and repairability
- Help combat staff fatigue by providing comfort under foot
- Dimensionally stable
- Non-porous, highly dense surface of nora rubber creates a long-lasting floor that cleans easily with little more than water
- Doesn't require coatings, and scratches can be remediated
- Highly resistant to chemicals and stains
- Offers impact sound reduction of up to Δ IIC 21
- Contributes to better indoor air quality
- Third-party verified carbon neutral across the full product life cycle through our Carbon Neutral Floors™ program
- Greenhealth Approved™ on some nora rubber products
- Cradle to Cradle v3.1 Silver certified on some nora rubber products
- The nora® nTx™ installation system combines standard nora floor coverings with a self-adhesive layer for easy installation

# HARD ON TRAFFIC
## SOFT ON NOISE

Designed to work as a system with our nora rubber, carpet tile, and vinyl sheet, our LVT options—Sound Choice™ 4.5mm and Criterion 3mm—make it even easier to specify the right flooring for each area of your facility.

### Sound Choice 4.5mm

- Available in 25cm x 1m planks and 50cm x 50cm squares
- Ceramor™ coating provides a durable finish that resists scuffs and scratches
- Slip resistance and durability
- Greater impact sound reduction of IIC 64
- Optimal dimensional stability and flexibility thanks to an incorporated fiberglass layer
- Offers ease of installation and maintenance
- 39% pre-consumer recycled content
- GreenCircle™ certified Recyclable through our ReEntry™ program
- Third-party verified carbon neutral across the full product life cycle through our Carbon Neutral Floors™ program

### Criterion 3mm

- Available in 12.5cm x 1m planks and 50cm x 50cm squares
- Ceramor™ coating provides a durable finish that resists scuffs and scratches
- Slip resistance and durability
- Impact sound reduction of IIC 56
- Optimal dimensional stability and flexibility
- Offers ease of installation and maintenance
- 39% pre-consumer recycled content
- Third-party verified carbon neutral across the full product life cycle through our Carbon Neutral Floors™ program

# INTERFACE DOES MORE THAN
## MEET FEDERAL PURCHASING REQUIREMENTS

Federal purchasing requirements include choosing, when possible, USDA Certified Biobased products—those made with content that comes, in part, from a renewable source, such as plant, animal, marine, or forestry feedstocks. As an industry leader in the development of environmentally responsible flooring, Interface offers commercial carpet tiles that meet these certification requirements, providing levels of biobased content that far exceed the required 7% minimum with our CQuest™GB, CQuest™Bio and CQuest™BioX backings.

Modular Carpet on CQuest™GB     Modular Carpet on CQuest™Bio     Modular Carpet on CQuest™BioX

### BIOBASED IS JUST THE BEGINNING
- CQuest™ carpet tile backings are actually carbon negative when measured cradle to gate
- We offer carpet tile made with recycled and biobased content that, when measured cradle to gate, store more carbon than they emit
- Interface CQuest backed carpet tiles have the lowest carbon footprint of any carpet tiles manufactured in the U.S.
- All of our flooring products are third-party verified carbon neutral across the full product life cycle through our Carbon Neutral Floors™ program

## SPECIFYING INTERFACE IS EASY

Interface is available on the **GSA** Schedule #GS03F056AA and online via interface.ecomedes.com and interface.com.

---

# THE SOFTER SIDE
## OF HIGH PERFORMANCE

Our modular carpet is everything you love about soft flooring with the flexibility of tile. We've been perfecting it for more than 40 years.

- Extensive selection of patterns, colors and sizes that work as a system with our resilient flooring options
- Structured, dimensionally stable backing system keeps tiles in place and flat on the floor
- Dense construction with premium recycled content nylon fiber holds up to heavy traffic
- Solution dyed fibers withstand harsh substances like bleach or hand sanitizers
- Ease of installation and replacement with our glue-free tactile installation system with most backings. Use full-spread adhesive in areas where there are heavy rolling loads.
- Intersept™, our proprietary preservative, is permanently incorporated into the backing to protect carpet tiles against mold growth and odor—even at the seams
- Interface's i2™ styles have mergeable dye lots that facilitate selective replacement
- Interface Modular Carpet on CQuest™GB, CQuest™Bio, and CQuest™BioX meet the USDA Certified Biobased Content Federal Purchasing Requirements for carpet
- Interface Modular Carpet on CQuest™Bio and CQuest™BioX is Cradle to Cradle v3.1 Silver certified
- Interface Modular Carpet on CQuest™Bio is Greenheath Approved™
- The innovative CQuest™ backings offer superior performance with a low carbon footprint. CQuest™GB is made with post-consumer carpet tiles, bio-based additives and pre-consumer recycled materials. CQuest™Bio, which also contains biobased and recycled content, is free of PVC, antimicrobials, and Greenhealth Approved™.
- GreenCircle® certified Recyclable through our ReEntry™ program
- Third-party verified carbon neutral across the full product life cycle through our Carbon Neutral Floors™ program

# ALL THE EXTRAS

## FROM ENTRYWAYS TO STAIRS AND MORE

When we say we have a system of products for EVERY government space, we mean it. That includes walk-off products for entryways, nora stairwell solutions, and a range of accessories for norament® and noraplan® floor coverings to complete the perfect floor.

### Interface Walk-Off Carpet

- Unlike most walk-offs, ours can be cleaned just like carpet, making it ideal for entryways and high-traffic areas
- Stiff fibers in our Step Repeat™ Collection grab dirt and debris before it's tracked inside, trapping it until it can be vacuumed later
- Interiors stay fresher, creating a better indoor environment with reduced maintenance

### nora® Stairwell Solutions

- Fast installation and decades-long endurance against heavy traffic
- norament® stairtreads offer a pre-shaped stair nosing, riser and tread all-in-one piece and fit straight steps with an angled edge
- nora stair nosings use a slide-in lip to lock in noraplan and norament floor coverings for installation on all types of staircases
- nora® visually impaired strips are offered in smooth or textured surfaces and high-contrast colors for added safety and accessibility. Photoluminescent option available on request.
- Class A fire-rated stair tread options are ideal for emergency exits and stairways

### nora® Accessories

- nora® wall base adds that final touch to your installation
- nora® heat weld or nora® cold weld for monolithic installations
- nora® sanitary base for areas with stringent hygienic requirements
- High-quality installation materials tailored to nora® rubber

## INSTALLATIONS

# REDUCE YOUR CARBON FOOTPRINT
## THROUGH THE MATERIALS YOU SELECT

**AND THE PARTNERS WITH WHICH YOU WORK**

As you consider your sustainability mission, who will best support your goals? You need more than a flooring provider. You need a partner. Flooring is such a critical capital investment—and the cost can be far greater than just the monetary investment, given how much environmental impact is generated from your organization's supply chain. By choosing Interface, you're selecting a single-source solution that will not only help you reduce your overall carbon footprint, but also lower the total cost of ownership over time.
